Purpose

Teacher Leader Collaboration Events provide teachers across Louisiana with access to high-quality tools, resources and professional development designed to help them achieve their goals with their students. Sessions focus on a variety of content-specific tools, information and instructional strategies.

Content & Audience

The Department encourages classroom teachers and school-level coaches in the following content areas to attend: ELA, math, social studies, and birth-five education. Some events will also feature sessions focused on English Language Learners (ELL), Special Education and science.

The Department will release additional information about the specific sessions that will be offered as well as the logistics on the [Teacher Leader Programs page](#) in the weeks leading up to each event.

Registration

Participants must register for each event in Coursewhere during the [registration window](#). Participants do *not* register for specific sessions in advance.

Seats at each event are limited and filled on a first come, first served basis. Teacher Leaders are encouraged to share information from the sessions they attend with fellow educators in their schools and districts to increase the numbers of educators who are able to benefit from this content.
