INTRODUCTION

During the Regular Session of the 2011 Louisiana Legislature, the Minimum Foundation Program (MFP) formula, Senate Concurrent Resolution (HCR) Number 130 was approved. HCR 130 mandates that each public school recognized by the Louisiana Department of Education will be included in the MFP Accountability Report which is to be submitted to the House and Senate Committees on Education by June 30 of each year. The 2013 MFP Accountability Report contains 2011-2012 data for public schools recognized by the Louisiana Department of Education. Specific information to be included in the report is as follows:

- A. School Data - School name, city, and district; type of school; October 1 elementary/secondary enrollment; and grade span.
- B. Accountability Data - Scores and letter grades.
- C. Fiscal Data - Expenditures per elementary/secondary enrollment for classroom instruction (less adult education) and pupil/instructional support.
- D. Student Demographic Data - Percent of students eligible for free and/or reduced lunch ("at-risk"), students with exceptionalities (special ed), gifted/talented, and minority; advanced placement data; student attendance rates; and pupil-teacher ratios.
- E. Teacher Data - Average FTE teacher salaries (object 112, function 1000 series); percent of teachers certified; average years of experience; percent master's degree and above; percent turnover; percent minority; and teachers' days absent. All teacher data (excluding salaries) reported for certified teachers.
- F. Staffing Data - Number per 1000 pupils for certified teachers, uncertified teachers, and instructional aides.

The Louisiana Department of Education has modified and/or suppressed data reported to protect the privacy of students in compliance with the Family Educational Rights and Privacy Act (FERPA) codified at 20 U.S.C. 1232g. The strategies used to protect privacy vary and may include rounding or other techniques but do not substantially affect the general usefulness of the data. Because of the privacy protections, numerical and percentage totals may not add precisely to the sum of the row or column to which the total refers. ~ indicates statistically unreliable (i.e. Less than 10 students in a subgroup or subgroup not defined at that time); >= indicates within 10 students of the actual number (i.e. >=20 indicates there are between 20 and 29 students.).

GLOSSARY OF TERMS

Advanced Placement Courses (Percent/Number) - The percent (or number) of students that were enrolled in Advanced Placement Courses.

Classroom Teachers - Staff members assigned the professional activities of instructing pupils in courses in situations involving direct interaction between teachers and students, and for which daily pupil attendance figures for the school system are kept – more specifically, those staff members reported in the Profile of Educational Personnel (PEP) report using object code 112 (Teacher) and a 1000-series function code (Instruction). (Derived from description/definition of Object Code 112 and Function Code 1000, *Louisiana Accounting and Uniform Governmental Handbook, Bulletin 1929.*)

Certificated Teachers - Staff members reported in the Profile of Educational Personnel (PEP) reports as Classroom Teachers (object code = 112; function code = 1000-series) who possess a current Louisiana teaching certificate of type: A, B, C, CB, FL, L1, L2, L3, OP, PL, P2, or P3.

Combination School Category - Any school whose grade structure falls within the PK-12 range and which is not described by any of the other school category definitions. These schools generally contain some grades in the K-6 range and some grades in the 9-12 range. Examples would include grade structures, such as K-12; K-3, combined with 9-12; and 4-6, combined with 9-12.

Counts of Teachers or Other Instructional Staff - With the exception of average teacher salary calculations, the staff counts used within *teacher data, staffing data, and pupil-teacher ratios* categories of the MFP Accountability Report do not use full-time equivalents (FTE) or prorated headcounts. Instead, each staff member who is identified as a classroom teacher at one or more sites (by LEA code, site code, social security number, and object-function combination in the PEP Site-Position record) is assigned a "teacher count" of one (1) at each of those sites, without regard to the amount or percent of time spent as a teacher at each site. Likewise, each staff member who is identified as an *instructional staff member other than a classroom teacher* is assigned an "other instructional staff count" of one (1) at each applicable site; the individual is not double-counted at any site.

- For each site code, the individual "teacher counts" are totaled for use with *site-level teacher and staffing data*, while the "teacher counts" and "other instructional staff counts" are combined for use as the *site-level instructional staff counts*.
- To obtain *district-level teacher and staffing data*, staff members identified as classroom teachers at any site within the LEA are each assigned an "LEA teacher count" of one, while members who were identified as being *other instruction staff (but never as a classroom teacher)* are each assigned an "instructional staff count" of one; again, the individual staff member is not double-counted within the LEA.

Certificated Teachers (Percent) - Percentage of reported classroom teachers (see above definition) who possess a current Louisiana teaching certificate of type: A, B, C, CB, FL, L1, L2, L3, OP, PL, P2, or P3.

Current Expenditures Per Pupil - Classroom Instruction - Result of dividing the *current instructional expenditures* from the Annual Financial Report (AFR) by the October *elementary/secondary student enrollment* for the related LEA(s) or sites. *Current instructional expenditures* consist of all expenditures reported with a 1000-series function code, as identified in the *Louisiana Accounting and Uniform Government Handbook, Bulletin 1929*, except expenditures for equipment (i.e., object code = 730). For purposes of the MFP accountability report, each LEA's current instructional expenditures were distributed to site-level using PEP salary percentages to prorate the AFR salaries/benefits expenditures, with student counts used to prorate the remaining AFR expenditures. The salaries/benefits prorated to central office site codes were subsequently redistributed as "overhead" to the remaining sites using student counts.

Current Expenditures Per Pupil - Pupil/Instructional Support - Result of dividing the total of *current pupil support expenditures* and *current instructional support expenditures* from the Annual Financial Report (AFR) by the October *elementary/secondary student enrollment* for the related LEA(s) or sites. *Current pupil/instructional support expenditures* consist of all expenditures reported with a 2100-series or 2200-series function code, as identified in the *Louisiana Accounting and Uniform Government Handbook, Bulletin 1929*, except expenditures for equipment (i.e., object code = 730). For purposes of the MFP Accountability Report, each LEA's current pupil/instructional support expenditures were distributed to site-level using PEP salary percentages to prorate the AFR salaries/benefits expenditures, with student counts used to prorate the remaining AFR expenditures. The salaries/benefits prorated to central office site codes were subsequently redistributed as "overhead" to the remaining sites, using student counts.

Elementary School Category - Any school whose grade structure falls within the PK-8 range, which excludes grades in the 9-12 range, and which does not fit the definition for middle/junior high.

Full-Time Equivalent (FTE) - The "man-year" value (not to exceed 1.0) obtained from dividing a staff member's projected or actual *annual minutes worked* by the number of *available minutes within the contract year* for the class of employee to which the staff member belongs. Where an individual works at more than one site and/or job, the calculated FTE value is prorated to each site and/or job based upon the percentage of annual minutes worked that is attributed to that site and/or job.

High School Category - Any school whose grade structure falls within the 6-12 range and which includes grades in the 10-12 range, or any school that contains only grade 9.

Instructional Staff - District and school staff members involved most directly with students and their education, comprised of classroom teachers, principals, supervisors, curriculum specialists, librarians and media specialists, guidance counselors, remedial specialists, and others possessing educational certification. Excludes superintendents, assistant superintendents, instructional aides, attendance personnel, health services personnel, psychologists, social workers, clerical personnel, or persons whose jobs do not require skills in the field of education. *(Derived from instructions for Table 3, Instructional Staff in Public Elementary and Secondary Schools, NEA Early Estimates Instruction Booklet.)*

Letter Grade - School Performance Scores (SPS) determine the letter grade that is assigned to a school. Letter grades range from A to F and F schools are considered failing. There are a very small group of schools that earn a T for two years. These schools are led by operators, who took over the governance of existing failing schools and agreed to maintain all previous grade levels and former students. Letter grades are assigned based on the following scale for the 2011-12 school year:

- A: Assigned to schools with an SPS of 120.0 to 200.0
- B: Assigned to schools with an SPS of 105.0 to 119.9
- C: Assigned to schools with an SPS of 90.0 to 104.9
- D: Assigned to schools with an SPS of 75.0 to 89.9
- F: Assigned to schools with an SPS of 0.0 to 74.9

Middle/Junior High school category - Any school whose grade structure falls within the 4-9 range, which includes grades 7 or 8, and which excludes grades in the PK-3 and 10-12 ranges.

October Elementary/Secondary Student Enrollment (Membership) - Total number of public school students identified in the October Student Information System (SIS) report as actively enrolled in pre-kindergarten (PK), kindergarten (K), or grades 1-12. This count excludes special education infants (grade code 15) and special education preschool students (grade code 20).

Percent Master's Degree or Higher - Percentage of reported classroom teachers possessing Master's degree or higher.

Percent Student Minority - Percentage of reported students who are identified in SIS with race/ethnic codes other than Code 5, *White (not Hispanic)*. The minority counts will include those identified as American Indian or Alaskan Native, Asian or Pacific Islander, Black (not Hispanic), and Hispanic.

**Classroom teacher and other instructional staff counts exclude those personnel on sabbatical leave for the reporting cycle from which the data is obtained; for example, the counts from the October 1 PEP report exclude staff members on sabbatical during the first half or the full school year (sabbatical code = 1 or 3). However, salary average calculations exclude staff members who are/were on sabbatical leave during any part of the school year for which the calculations are made.*

Percent Teacher Minority - Percentage of reported classroom teachers who are identified in PEP with race/ethnic codes other than Code 5, *White (not Hispanic)*. The minority counts will include those identified as American Indian or Alaskan Native, Asian or Pacific Islander, Black (not Hispanic), and Hispanic.

Percent Student in Poverty - Percentage of reported elementary/secondary students who are eligible for free or reduced-price school lunches.

Percent Student With Exceptionality - Percentage of reported elementary/secondary students who are identified in SIS as receiving special education services for an exceptionality (Sp Ed Code 1), via comparison with the Special Education Reporting (SER) System database.

Percent Student Gifted and/or Talented - Percentage of reported elementary/secondary students who are identified in SIS as receiving special education services as gifted or talented (Sp Ed Code 2).

Percent Teacher Turnover (Site) (District) - Percentage of employed classroom teachers who *have left the site and are subsequently replaced* over the time span used for the measurement. The results were obtained from the following:

Employed Teachers = Number of classroom teachers at the site on Oct 1, **Year 1**.

Loss = Number of classroom teachers from Oct 1, **Year 1**, who did not return to the site on Oct 1, **Year 2**.

Gain = Number of classroom teachers at site or district on Oct 1, **Year 2**, who were not at site on Oct 1, **Year 1**.

Turnover Count = IF Gain >= Loss , THEN Turnover Count = Loss , OTHERWISE Turnover Count = Gain.

Turnover Rate = Turnover Count DIVIDED BY Employed Teachers

% Turnover = Multiply calculated Turnover Rate by 100.

Note: Transfer of classroom teachers between schools within an LEA will not affect the district turnover rate/percentage.

Pupil-Teacher Ratio - The result of dividing the October elementary/secondary student enrollment for a site by the number of October classroom teachers for that site. (*Note: Some sites may have reported students, but no staff, e.g., contracted instruction. Other sites may have teachers while the attending students are reported elsewhere, e.g., some alternative schools.*)

School Performance Score (SPS) - The primary measure of a school's overall performance.

School Type - The classification of schools into one of the four categories of schools (elementary, middle/junior high, high, or combination schools).

Student Attendance - The ratio of aggregate days student attendance to aggregate days membership. The percent of students in attendance on any given day of school.

Teacher Days Absent - The total number of whole or half days for which classroom teachers were away from their normal work activities due to personal sick/emergency days (paid/unpaid), extended medical leave, vacation/annual leave, or extenuating circumstances. Absence for school-related business and professional development is not included in this figure. *(Note: Nonattendance data are extracted from the end-of-year PEP report for those classroom teachers reported in the related October PEP report. If a teacher works at multiple sites, his/her absences are counted at each of the sites, but reflected only once in district totals.)*

Teacher Data - Average Teacher Salaries (Site) (District) - The result of dividing the calculated full-time equivalents (FTE) for a selected population of classroom teachers into the sum of the selected salary elements for those same teachers as reported in the October (budgeted salary) or end-of-year (actual salary) PEP reports. Salary elements of *base pay, extra compensation, and extended employment compensation* are obtained from the PEP Site-Position records that identify the employee as a classroom teacher (object code = 112; function code = 1000-series). The *PIP salary* is obtained from the PEP Staff record and prorated to each site/job based upon time worked at each. Salary averages exclude any personnel identified as on sabbatical leave during any part of the school year.

Teacher Years of Experience (Average) - The result of dividing the sum of the years of experience for each identified classroom teacher by the total number of classroom teachers.

Uncertificated Teachers - Staff members reported in the Profile of Educational Personnel (PEP) reports as Classroom Teachers (object code = 112; function code = 1000-series) who DO NOT possess a current Louisiana teaching certificate of types: A, B, C, CB, FL, L1, L2, L3, OP, PL, P2, or P3.
