Introduction and Purpose

These guidelines provide valuable information to families wishing to start their own [Board of Elementary and Secondary Education \(BESE\) Approved Home Study Program](#) for their own children. The [Louisiana Department of Education \(LDOE\)](#) provides a similar handbook for families interested in educating their children through a [Nonpublic School Not Seeking State Approval](#).

The LDOE has divided these guidelines into four sections to help easily organize this information for families.

Section	Section Description
Section I: BESE Approved Home Study Program Overview	Highlights the key responsibilities and information for families participating in a BESE Approved Home Study program.
Section II: Application Instructions	Informs parents about both: a) information requested for initial and renewal applications; and, b) how to submit an application using the online application system or mail.
Section III: Additional Information	Provides information to families on a variety of topics like How to Participate in Interscholastic Activities and How to Find Sample Curriculum Resources.
Appendix	Contains supplemental resources for families to use for their BESE Approved Home Study program. Resources include a sample high school diploma template and the Approved Home Study paper application.

If you have questions about starting a BESE Approved Home Study Program, please email homestudy@la.gov.

BESE Approved Home Study Programs should not be confused with the provisions by a district under the State's homebound law for eligible students who are temporarily ill or injured and can receive instruction from a certified teacher in core content areas while at home or in the hospital. To apply for homebound services, contact your local school board office.

Section I: BESE Approved Home Study Program Overview

Curriculum, Grade Level, and Applications

A BESE Approved Home Study program provides Louisiana families the opportunity to independently educate their child. In a BESE Approved Home Study program, parents have complete control and responsibility for educating their child. Parent’s primary responsibilities include: a) selecting and using curriculum to teach their child; b) determining the child’s grade placement; and c) submitting initial and renewal home study applications to the LDOE for approval.

Key Responsibility	Responsibility Description
Curriculum	<p>Parents have complete control over selecting the curriculum to use to educate their child. Parents must use a sustained curriculum of quality at least equal to that offered by public schools at the same grade level.</p> <p>A parent or tutor may be permitted to provide the instruction; there are no teaching certification requirements.</p> <p>While the decision of what curriculum to select is completely up to the parents, Section III: Additional Information provides examples of how to find sample curriculum resources.</p>
Grade Level	<p>Parents determine the grade level at which they plan to teach their child during the upcoming year. The LDOE does not make assumptions or judgments about the grade level provided by the parent. In addition, retroactive changes to a student’s grade level are not allowed.</p>
Applications	<p>Parents must submit an initial application to the LDOE to receive BESE Approval. Once initially approved, parents must submit a renewal application by the first of October of the school year, or within 12 months of approval of the initial application, whichever is later. The approvals are valid for one year from the date of approval for the grade level indicated on the application. If a student transitions to a new grade level before the 12 month period ends, parents should submit a renewal application indicating the student’s current grade level.</p> <p>The LDOE has designed an online application system to help parents submit their application. The online system allows the LDOE to send automatic emails confirming both: a) when an application is submitted; and, b) when the LDOE approves the application.</p> <p>The online application is available at: https://ldoe.edlink.la.gov/#/HSPHome</p> <p>In limited/hardship circumstances, parents may submit a paper application. See Section II: Application Instructions for more information.</p>

Compulsory Attendance, Eligibility, State funding, Textbooks, Students with Exceptionalities, and High School Diplomas

In addition to key responsibilities, the following table highlights key information for families about BESE-Approved Home Study programs.

Section	Section Description
Compulsory Attendance	<p>A child who participates in a BESE Approved Home Study program is considered: a) in attendance at a day school; and b) compliant with state compulsory attendance laws.</p> <p>See Appendix B: Laws and Policies for more information.</p>
Eligibility	<p>To be eligible to participate in a home study program, a child must be eligible by Louisiana law to attend a Louisiana elementary or secondary school.</p>
State Funding	<p>Parents are responsible for all Approved Home Study Program related costs. No state funding is available for parents who have students in an Approved Home Study Program. A student in a BESE Approved Home Study Program cannot participate in the LA GATOR Scholarship Program.</p>
Textbooks	<p>Parents have the option to use a state-approved textbook from the local school system if extra copies are available. Local school systems may charge a deposit for each book borrowed, with that deposit being refunded when the book(s) is/are returned.</p> <p>Please note: Parents are not required to use state approved textbooks along with their selected curriculum.</p> <p>See Section III: Additional Information for more information about how to borrow/purchase textbooks.</p>
Students with Exceptionalities	<p>BESE-Approved Home Study Programs do not qualify for services under the Individuals with Disabilities Education Act (IDEA), 20 U.S.C. §1400, et seq., nor for modifications and/or accommodations under §504 of the Rehabilitation Act or the Americans with Disabilities Education Act. (Adopted by the BESE on November 15, 1984. Revised April 2002.)</p> <p>Before enrolling in the BESE-Approved Home Study Program, parents who have children with exceptionalities should contact their local education agency for information regarding the free and appropriate educational services available.</p> <p>See Appendix B: Laws and Policies for more information.</p>
High School Diplomas	<p>Per La. R.S. 17:236.1, a high school diploma awarded by a home study program approved by the State Board of Elementary and Secondary Education (BESE) shall be deemed by all public postsecondary educational institutions, all state departments, agencies, boards, and commissions, and all other state and local governmental</p>

Section	Section Description
	<p>entities to have all of the rights and privileges afforded to a high school diploma awarded by a state-approved nonpublic school.</p> <p>Parents create and issue diplomas for an Approved Home Study Program; they are not awarded by BESE or the LDOE. Therefore, a depiction, reproduction, or duplication of state seals or wording which implies from BESE or the LDOE is unauthorized.</p> <p>See Appendix C: Sample High School Diploma for an example template that families use.</p>

Taylor Opportunity Program for Students (TOPS) and State Testing

Topic	Topic Description
Taylor Opportunity Program for Students (TOPS)	<p>Per RS 17:5029, To be eligible for the TOPS Scholarship program, students must be enrolled in a BESE Approved Home Study program for both 11 th and 12 th grade. In addition, students must meet TOPS’ ACT requirements. If a student previously attended a Louisiana public high school, a Louisiana nonpublic high school, or an approved non-Louisiana high school, the previously attended high school must certify that the student was in good standing at the time the student last attended such school. Certification must be on the school’s letterhead and signed by the principal, headmaster, or appropriate personnel at the high school previously attended. Certification can also be obtained from the school board office. Please mail original documents to: LOSFA, Scholarship/Grant Division, P.O. Box 91202, Baton Rouge, LA 70821- 9202. For additional information regarding the TOPS Scholarship program for home study students, see LOSFA’s TOPS Q&A.</p> <p>Please note that the Louisiana Office of Student Financial Assistance (LOSFA) – not the LDOE – administers the TOPS program.</p> <p>Parents who are interested in more information about the TOPS program should contact the Louisiana Office of Student Financial Assistance at 800-259-5626.</p>
State Tests and Assessments	<p>State testing is not required for BESE Approved Home Study programs. However, a parent may schedule state testing (i.e., English Language Arts, Mathematics, Science, and Social Studies) for their child through the local school board’s testing administrator (See Appendix D: Local School Board Office Contact Information). Administered tests shall correspond with the enrolled grade. It is the parents’ responsibility to make testing arrangements through the local school board office during the first part of January.</p> <p>A fee covering actual costs of administering, scoring, and reporting the results of the test of up to \$35 may be charged. For those students testing in order to enter the public school system, this fee shall be refunded upon the student’s enrollment in that public school system the semester immediately following the testing. The District Testing Coordinator shall provide test results to parents after the test results are sent to the public school. Section II: Application Instructions

Application Overview

Families wishing to participate in a BESE Approved Home Study program must complete and submit an application to the LDOE. The LDOE reviews these applications and grants BESE approval if the applications contain all of the required information and documentation.

Families must submit an initial application no later than 15 days after the beginning of the home study program. It is suggested that families apply for home study before withdrawing from school. Families wishing to withdraw their students from a public school to pursue a BESE Approved Home Study option may do so prior to receiving Louisiana Department of Education approval. A school cannot refuse to let a parent withdraw their child from public school, but if a child between the ages of 5 and 18 (unless the child has graduated) is not enrolled in a public or nonpublic school or is not participating in a BESE Approved Home Study program for at least 180 days in the school year, then the parents of that child could be in violation of the Compulsory Attendance Law. Upon receipt of a home study approval letter, it is suggested that families provide a copy to their prior school. In addition, in compliance with [R.S. 17:3913](#), all school districts are provided a copy of their district's home study approval letters monthly. If additional information is needed, schools can email homestudy@la.gov.

Home study program applications are valid for one year from the approval date for the grade level indicated on the application. Once initially approved, families must submit a renewal application to maintain their child in an Approved Home Study program by the first of October of the school year, or within 12 months of approval of the initial application, whichever is later, or when the student is ready to advance to the next grade level. Families must submit complete applications with all required information and documentation to receive approval.

Families can enroll students into a home study program by completing the online application. An automatic email will be received once the online application is submitted to confirm that the application was submitted. Parents will receive an official Approval or Denial letter once their application is reviewed. Application reviews can take up to 14 business days.

In limited circumstances, parents may submit a paper application for a BESE Approved Home Study Program if they are unable to access the online application or do not have internet access. Parents submitting applications via mail should be aware that it often takes up to two weeks for the LDOE to receive submissions sent in through the mail. If the application is rejected/denied, the LDOE will follow up via postal mail.

Parents can refer to the LDOE’s library of academic standards.</p> <p>In addition to the above resource, parents may choose to instead use curriculum provided by other resources. Parents can select a program that best fits the goals they have set for their own child. <p>How to Take the HiSET (if applicable)</p>	<p>Students who wish to earn a diploma from their BESE Approved Home Study program are not required to take the HiSET.</p> <p>The HiSET is available for students below the age of eighteen and beyond sixteen years of age who seek to exit their home study program.
