

This is to inform the Louisiana Department of Education (LDOE) that the following local educational agencies (LEAs) intend to form a Title III Consortium for the 2020-2021 school year. Each LEA has reviewed its October 2018 English learner (ELs) counts to verify that together the consortium count will exceed the estimated threshold of 84 ELs needed to generate a minimum of \$10,000. Each LEA understands that final threshold count for \$10,000 will not be calculated until the LDOE receives the 2020-2021 grant award notice from the United States Department of Education.
