Background

In February, 2019, the Board of Elementary and Secondary Education (BESE) updated policy* regarding Mentor and Content Leader provider effectiveness data. The policy indicates that the Louisiana Department of Education (LDOE) will review and report to BESE effectiveness data for each approved provider offering Mentor or Content Leader training.

By no later than December 1, 2019, and biannually thereafter, the LDOE will review and report to BESE **effectiveness data** of each approved provider offering Mentor or Content Leader training. Effectiveness data will include **Louisiana Mentor Teacher Assessment Series or Louisiana Content Leader Assessment Series passage rates** and may include additional information. Based upon these results, BESE may require an improvement plan or may discontinue the provider's ability to recommend candidates for Mentor or Content Leader certification.

*Please refer to Bulletin 996, *Standards for Approval of Teacher and/or Educational Leader Preparation Programs* for the Teacher and Leader Preparation Program Accountability renewal and approval requirements.

October 2023 Effectiveness Report

This report contains data for twenty-three approved Mentor and Content Leader training providers with participants enrolled **between 08/01/2018 through 7/31/2022.** The following information is included for each provider:
- **Provider Information**
  - Name of provider
  - Approved training pathways
- **Assessment Passage Rates**
  - Total number of participants enrolled between 8/1/2018 through 7/31/2020
  - Total number of participants enrolled between 8/1/2020 through 7/31/2022
  - Percentage of those participants that completed training and assessments within 12 months of training start date
  - Passed: Total number of participants that passed assessments based on the criteria at the time of enrollment
  - Not Passed: Total number of participants that have not started or not completed the assessment requirements

Assessment Series
- This report includes individuals that have completed one of the following Mentor Distinction Pathways:
  - Elementary ELA Mentor
  - Elementary Math Mentor
  - Elementary Non-Departmental Mentor
  - Elementary Universal Mentor
  - Secondary ELA Mentor
  - Secondary Math Mentor
  - Universal Mentor
- For participants enrolled between 8/1/2018-7/31/2020, Mentor participants must have passed four assessments* to be considered passing.
- For participants enrolled between 8/1/2020-7/31/2022, Mentor participants must have passed two assessments to be considered passing. This is in alignment to the April 2021 Mentor policy updates that reduced the number of required assessments to two.
- For this report, Content Leader participants must have passed five assessments. This report includes individuals that have completed one of the following Content Leader Distinction Pathways:

- ELA Content Leader
- Math Content Leader
- Science Content Leader

Overview of Training Provider Effectiveness Findings
- Total Mentor and Content Leader candidates enrolled between 8/1/2018-7/31/2023: 2,307
- Of the 2,307 educators enrolled between 8/1/2018-7/31/2023, 1,394 completed training requirements to become a certified Mentor or Content Leader.
- Of the 2,307 educators enrolled between 8/1/2018-7/31/2023, 947 earned a passing score on the assessments based on the requirements at the time of their training state date.

Vendor Quality Plan
As a result of training provider, school system, and BESE feedback, the LDOE developed additional tools to determine the quality of training across approved providers. The tools included a participant survey, a training observation rubric, and a partner survey to be completed by partnering school systems. Two training providers piloted use of these tools and received feedback through the use of these tools during the 2021-2022 school year. The LDOE received grant funding to begin the design of a professional learning partner quality rating system in Fall 2022. The LDOE has since worked with the American Institute for Research since the fall on the design and implementation of a quality system that more accurately reflects quality of approved vendors and provides school systems with meaningful information to inform decisions on partnering with quality vendors.

LDOE will be releasing a single, comprehensive, digital guide of professional learning partners to school systems this fall. Currently, LDOE has produced over ten separate, static vendor guides for school systems to access as they choose the partners that best fit their needs. Based on feedback from BESE and our school systems, LDOE will provide a dynamic Professional Learning Partner Guide (PLPG) that will be more accessible and user-friendly for school system leaders. Once the quality rating system is finalized, the quality of vendors will be represented in the PLPG.
