

Background

On February, 2019, the Board of Elementary and Secondary Education (BESE) updated policy* regarding teacher preparation provider effectiveness data. The policy indicates that the Department will review and report to BESE effectiveness data for each approved provider offering Mentor teacher or Content Leader training.

By no later than December 1, 2019, and biannually thereafter, the LDOE will review and report to BESE **effectiveness data** of each approved provider offering Mentor teacher or Content Leader training. Effectiveness data will include **Louisiana Mentor Teacher Assessment Series or Louisiana Content Leader Assessment Series passage rates** and may include additional information. Based upon these results, BESE may require an improvement plan or may discontinue the provider's ability to recommend candidates for Mentor teacher or Content Leader certification.

*Please refer to [Bulletin 996](#), Standards for Approval of Teacher and/or Educational Leader Preparation Programs for the Teacher and Leader Preparation Program Accountability renewal and approval requirements.
