2014-2015 Scholarship Program Quarter 1 Enrollment

The Louisiana Department of Education has modified and/or suppressed data reported to protect the privacy of students in compliance with the Family Educational Rights and Privacy Act (FERPA) codified at 20 U.S.C. 1232g. The strategies used to protect privacy vary and may include rounding or other techniques but do not substantially affect the general usefulness of the data. Because of the privacy protections numerical and percentage totals may not add precisely to the sum of the row or column to which the total refers.

Louisiana Scholarship Program – 2015 Scholarship Cohort Indexes

All enrolled Louisiana Scholarship Program students must take the same state assessments under the State and District Accountability System as students in public schools. Student achievement on these assessments is used to determine the status of a school's continued participation in the program. Scholarship schools with an average of 10 or more Scholarship students per grade served or a total of at least forty students enrolled in tested grades receive a Scholarship Cohort Index (SCI). SCIs are calculated in a manner that is substantially similar to the school performance score outlined in *Bulletin 111* and is based on state assessments of student learning. SCIs measure student achievement results of only students in the Scholarship program rather than the school as a whole.

Spring 2014 Louisiana Scholarship Program Student Performance Rates

The Louisiana Department of Education has modified and/or suppressed data reported to protect the privacy of students in compliance with the Family Educational Rights and Privacy Act (FERPA) codified at 20 U.S.C. 1232g. The strategies used to protect privacy vary and may include rounding or other techniques but do not substantially affect the general usefulness of the data. Because of the privacy protections numerical and percentage totals may not add precisely to the sum of the row or column to which the total refers.

The ~ symbol indicates statistically unreliable data (subgroups of fewer than 10 students).

Retention Rates for Quarter 1 2014 to Quarter 1 2015

Retained = Enrolled in Q1 2015 same site as Q1 2014

The Louisiana Department of Education has modified and/or suppressed data reported to protect the privacy of students in compliance with the Family Educational Rights and Privacy Act (FERPA) codified at 20 U.S.C. 1232g. The strategies used to protect privacy vary and may include rounding or other techniques but do not substantially affect the general usefulness of the data. Because of the privacy protections numerical and percentage totals may not add precisely to the sum of the row or column to which the total refers.

The ~ symbol indicates statistically unreliable data (subgroups of fewer than 10 students).

2015 – 2016 Tuition Donation Rebate Program: Participating Schools with Enrollment

The Louisiana Department of Education has modified and/or suppressed data reported to protect the privacy of students in compliance with the Family Educational Rights and Privacy Act (FERPA) codified at 20 U.S.C. 1232g. The strategies used to protect privacy vary and may include rounding or other techniques but do not substantially affect the general usefulness of the data. Because of the privacy protections numerical and percentage totals may not add precisely to the sum of the row or column to which the total refers.
