

2017-2018 ANNUAL REPORT ON TYPE 2, 4, AND 5 CHARTER SCHOOLS

INTRODUCTION

Charter schools are public schools in Louisiana that exercise increased levels of autonomy in exchange for increased levels of accountability. They are able to make decisions about curriculum, staffing, and budgets based on the specific students enrolled in their schools. In exchange for this increased autonomy, charter schools are held accountable to an increasing set of accountability expectations year-on-year in order to continue serving students in Louisiana.

There are six types of charter schools in Louisiana, outlined in the table below. The oversight for Type 1, 3, and 3B charter schools lies with the local district by which the schools are authorized, while the Louisiana Department of Education (LDOE) is directly responsible for the oversight of Type 2, 4, and 5 charter schools.

Charter Type	Creation	Authorizer	Governance	Total # of Schools	Students served
Type 1	New School	Local school board	Non-profit Board of Directors	31	12,865
Type 2	New or conversion school	BESE	Non-profit Board of Directors	42	23,122
Type 3	Conversion school	Local school board	Non-profit Board of Directors	15	11,596
Type 3B	Former Type 5 charter school transferred from RSD back to local school system	Local school board	Non-profit Board of Directors	13	8,887
Type 4	New or conversion school	BESE	Local School Board	1	412

CHARTER SCHOOL ACCOUNTABILITY

The [Charter School Performance Compact \(CSPC\)](#) is an agreement between the LDOE and Type 2, 4, and 5 charter schools to define the academic, organizational, and financial performance standards to which all charter schools are held. The Compact was developed as a collaborative effort between schools and the LDOE with the common objective of providing a clear bar for accountability for all charters schools in our state.

The Charter School Performance Compact assesses schools on their ability to operate as sound, independent entities. Schools receive an annual review that includes Academic, Financial, and Organizational Performance Scores. The Academic Performance Score mirrors the School Performance Score received by all public schools in the state. Financial performance is evaluated using the Fiscal Risk Assessment and annual audit submitted by charter schools. Organizational performance is determined by a review of a school's performance on indicators listed in the CSPC related to enrollment, special populations, and compliance with law and policy.

An overview of the academic, financial, and organizational performance for all Type 2, 4, and 5 charter schools can be found in the appendix of this report. For more information regarding charter schools, please contact charters@la.gov.
