Steps to Apply

To complete the application, you will need to provide information such as:

- Parent or Guardian details
- Address
- Student Information (birth certificates required)
- Tax details
- LASID information, if applicable

Odyssey and the Louisiana Department of Revenue will verify residency and income using SSN or ITIN.

If unsuccessful, parents must submit residency and income documents.

Student eligibility status will update automatically as the application is reviewed.

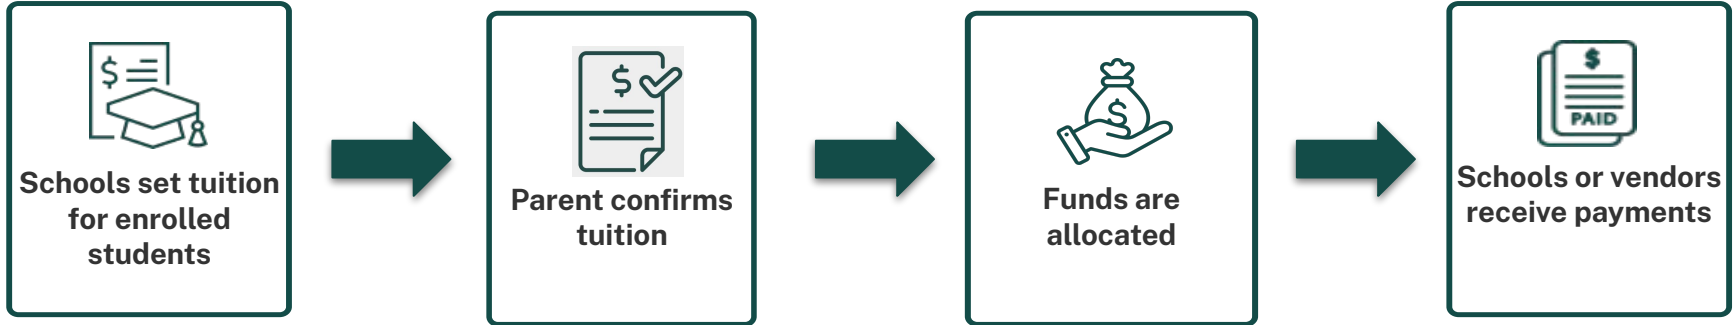

Once the application is submitted, parents will have the option to select their child's intended school through their Odyssey Account.

Parents may update their school selection at any time prior to the school confirming the enrollment.

Once parents select a school, the student's information will be displayed in the school's Odyssey Account for review and enrollment confirmation.

If the school denies enrollment, the parent will be given the option to select a different school.

Steps to Apply

After school enrollments are confirmed, schools will set tuition & fees for students.

Tuition is paid quarterly, with parents able to opt into automatic or manual payments.

The parent confirms the tuition and fees set by the school for each student in their household within their Odyssey account.

After fund allocation, the parent's digital balance will show the available amount.

There will be no checks, direct deposits, reimbursements, or debit cards.

Funds can be used on tuition, Marketplace items, or a combination of both.

The Marketplace offers a variety of vendors, service providers, and items you can purchase by adding to the cart and checking out.

Schools receive tuition as directed by the parent & vendors will receive payment after order fulfillment.

Important Information

Applying for enrollment to a LA school is a **separate** process from applying for an ESA through the Odyssey portal. Identifying the school that the student plans to attend in the Odyssey Account has no bearing on whether the student will be admitted to that school. School enrollment is unrelated to the application and selection process, and is strictly between the family and the school.
