Attn: Darlene Cusanza, President/CEO

Darlene,

I hope this letter finds you well.

I'm writing to thank you for stepping up, alongside school systems throughout the state, to strengthen the security of schools and safety of students. After a horrific event in a Texas school, Crimestoppers worked to expand efforts statewide with school system leaders in every corner of Louisiana.

The SAFESCHOOLS Application was well received by schools and allowed for anonymous reporting of suspicious activities on school campuses and when noticed in social media. I have repeatedly encouraged school systems to create a "See Something? Say Something!" culture where students are encouraged to report to their parents and school adults any concerning behaviors that could threaten students or staff in some way. The SAFESCHOOLS application worked well alongside that mindset.

As a local non-profit, Crimestoppers is well respected and holds credibility. I appreciate the efforts to provide valuable protections for students, educators, and parents.

Thanks again,

Dr. Cade Brumley
State Superintendent of Education

My friend [redacted] is thinking of suicide, and keeps cutting on her arms and legs she has cut from, she doesn't let anyone see but every day in the 6th hour she mentions she doesn't want to be here she wants to die.
