2024 Registered Apprenticeship Funding

Apprenticeship Allocation

Each city, parish, or other public school system or school shall receive an allocation based on the number of students enrolled in either fall, spring, or summer semesters in an eligible apprenticeship course up to 500 student enrollments statewide annually. If a school system or school is defined as rural by the United States Census Bureau, an allocation of \$3,500 shall be provided times the number of students enrolled in eligible apprenticeship programs. If a school system or school is identified as non-rural, an allocation of \$2,500 shall be provided times the number of students enrolled in eligible apprenticeship programs. The allocation shall support all costs of delivering the apprenticeship services to the students.

*An eligible apprentice program consists of an approved Registered Apprenticeship through Louisiana Workforce Commission that is submitted for Registered Apprenticeship Funding approval by BESE.

Reporting Student Enrollment

School systems will report student enrollment through the Supplemental Course Allocation (SCA) "[portal](#)". Enrollment must be reported for each semester the student is enrolled. Reporting will be confirmed with LDOE and the registered apprenticeship provider.

Reporting Deadlines:

- Fall: October 31, 2024
- Spring: March 7, 2025

The allocation should be used for the following:

- Tuition/Cost of Instruction
- Materials/Equipment
- Transportation
- Stipends
- Instructional Costs
- Additional items as requested and approved by LDOE

School systems that report student enrollment must complete the [Allocation Reporting Funding](#) form.

Approved Registered Apprenticeships

A list of Registered Apprenticeship Programs. If interested in having an existing Registered Apprenticeship be added to the list for the 2025-2026 school year, complete the [Fast Forward Apprenticeship Application](#). The application closes October 31.

Steps to Identify Rural and Non-Rural School Districts/Schools

Identify rural and non-rural school districts/schools by using the National Center for Education Statistics [REAP Master Eligibility Spreadsheet \(MES\)](#).

Once the REAP Master Eligibility Spreadsheet is downloaded:

1. Click the Eligibility-All LEAs tab
2. On column B, click the down arrow to filter LA State ID
3. Use column U, School Locale Codes, to determine rural or non-rural
4. In order to qualify, a school/system must have one or more of the following Locale Codes: 32, 33, 41, 42, 43

Code	Non-Rural or Rural
32	Town - distant
33	Town - remote
41	Rural - fringe
42	Rural - distant
43	Rural - remote

The United States Census determines classifications: LDOE does not classify school districts or schools.
