

Overview

Under [ACT No. 99](#) of the 2023 Regular Legislative Session and BESE policy, the State of Louisiana now allows elementary and secondary schools to hire candidates holding an associate's degree who are enrolled in a teacher education preparation program to serve as a teacher of record. **The authorization for the associate teacher to be a teacher of record is issued by the LEA, not the LDOE Certification Division.**

Eligibility

To be eligible for the Associate Teacher Program, the candidate must:

- Have an associate's degree from an accredited college or university.
- Be continuously enrolled in an undergraduate teacher education program at an [accredited college or university](#) for the purpose of obtaining a bachelor's degree.
- Be at least twenty-five years of age.

Additional Information

- Associate teachers shall be employed to teach only in the content area related to the participant's associate's degree.
- An associate teacher permit shall remain in effect for not more than five years, during which time the holder shall be enrolled in a teacher preparation program.
- The salary paid shall not exceed seventy-five percent of the average classroom teacher's yearly salary for such school system.
- The holder of an associate teacher permit may not provide special education services.
- The holder of an associate teacher permit shall participate in weekly teacher collaboration meetings and work with any mentor assigned by the LEA.
- No more than ten percent of the teaching staff of a school system shall hold an associate teacher permit.
- The system must ensure compliance with parental notification provisions under 20 USC 6312 (ESEA Section 1112).
- For an associate teacher enrolled in a [BESE-approved teacher preparation program](#), hours spent teaching by an associate teacher shall count toward the required student teaching hours.

Process

The process for enrolling in the Associate Teacher Program is outlined below.

1. The applicant applies for a teaching position in a school system.
2. The school system verifies the following:
 - a. Applicant's age (e.g., driver's license, birth certificate)
 - b. Associate's degree (copy of official transcripts)
 - c. Alignment of degree with course(s) taught by applicant
 - d. Enrollment in an [accredited teacher preparation program](#) (plan of study)
3. The school system conducts a criminal background check.
4. The school system then issues an associate teacher [permit](#).
5. During the time of employment, the school system will provide a mentor, subject to funding, and ensure that the applicant participates in weekly teacher collaboration.

6. The school system will also add the participant into EdLink/PEP.
 - a. The participant will be coded as an associate teacher, and EdLink will track the number of years the participant is coded as such.
7. Upon completion of the program, the preparation provider applies for initial certification.

Coming Soon: Guidance from the Louisiana Board of Regents to assist school systems in teacher placement based on earned Associate Degrees.

The LDOE also provides a sample of this program's application [template](#). School systems may use the template as is, modify it, or create their own. However, the same information as listed in the LDOE template should be collected and included.

Frequently Asked Questions (FAQs)

If a candidate is participating in the Associate Educator Program and decides to work in another school system, will the program transfer?

The permit is only valid for the employing system in which the permit was issued. The candidate must work with the next school system (if that system is participating) to apply for a new permit.

If a candidate's associate's degree is not a complete match to a certification area (e.g., an associate's degree in psychology and the candidate wants to teach middle school ELA), is this allowable?

The candidate and the employing school system will work together to determine the transferability of the degree to the grade level and content area.
