

## Title I, Part A Estimated Allocation Request

---

On behalf of \_\_\_\_\_ (LEA), I am requesting the Louisiana Department of Education increase the LEA's **Title I, Part A estimated allocation** from 85 percent to **90 percent OR 95 percent** (select one).

The LEA understands that increasing the estimated allocation does not have any bearing on the LEA's final Title I, Part A allocation and might increase the risk of a negative allocation adjustment should the LEA's FY 2020-2021 Title I, Part A allocation be lower than the LEA's prior year allocation.

This request has been submitted on or before Friday, December 6, 2019.
