

## Louisiana Best Practices: Summer 2022 Training Dates

All general training dates for the 2022 Louisiana Best Practices are listed below. Districts are encouraged to connect with their schools to discuss which sessions they would like Instructional Leadership Team members to attend. Each school is allocated five participants. Please note that once registration opens, sessions will be capped for capacity to allow for facilitators to better engage with individual educators. Specific dates will be available on a first come, first served basis. We anticipate opening registration in April 2022.

Most Best Practices trainings are two days, which must be taken consecutively, and the Teaching and Learning Standards training is four days in length. Please refer to your statement of work with NIET for the specific trainings your schools are attending in 2022. **All trainings are delivered virtually.** If educators from the same district or school are attending the same training, we encourage them to gather in-person as possible.
