# Edlink Contact Changes

We are excited to announce that the **EdLink Ops SPS Portal** will replace the Legacy Sponsor Site application. While the new portal maintains a similar layout to Sponsor Site, it introduces streamlined functionality and an enhanced user experience.

As an SPS District Data Analyst, you will now have the ability to edit or request updates directly within the application, eliminating the need to complete Jotform requests for opening or closing schools or making changes to existing sites.

The capability to make these changes will be available on April 1, 2026. Please refer to the User Guide for further assistance.
