- Fiscal Reporting for June 30, 2026 needs to be completed.
- Deadline for submission of the June 30 Fiscal Reporting is **July 15, 2026**.

 - insert amounts expended between 1/1/26 and 6/30/26;
 - include a list of expenditures with respective amounts for this time period; and

2027 Super App Amendment 1

2027 Super App Amendment 1: Timeline

- Submit functionality is now open.
- Amendment 1 submission deadline is on or before June 30 to ensure Substantial Approval requirements are met.
- Preliminary allocations for all formula funding will be loaded in eGMS the last week of August.
- Final allocations for all formula funding will be loaded in eGMS the last week of December.

2027 Super App Amendment 1: Merging Sites

- Many LEAs are in process of merging sites due to a variety of reasons. Review the following steps to make the adjustments to student counts by site.
 - Once you are able to identify the change in student population by site based on the October 1, 2025, enrollment data:
 - Adjust the counts accordingly on the Title I Targeting Step 1 page.
 - In the comments section on the Targeting School Served page, please provide an explanation of the change made in enrollment counts.
- LEAs will need to maintain documentation of the change and the reason for change for potential audit inquiries.

2027 Super App Amendment 1: Reviews

- Review of Super App Amendment 1
 - Reviewers will use a 10% rule of thumb when “accepting with comments” or “returning for change” on application reviews.
 - If the budgeted amounts for combined areas of concern 10% or greater for the individual fund source, the application will be “returned for change.”
 - If less than 10% of the individual fund sources, application will be “accepted with comments.”
 - This logic will be applied to Super App Amendment 1 reviews only in an effort to assist with getting LEAs in an approved budget posture to draw down funding.
