## Homeless Enrollment

## Homeless Students Enrolled By Oct, Feb & End of Year

Noticed a decline in enrollment/identification. After focus on identification and raising awareness, student count increased, which allows more services to be provided.

Funding is based on October 1 Count, so the goal is to increase identification for the October 1 Count.

# Louisiana's Homeless Program National Recognition

## School House Connection

### LOUISIANA

Early in the pandemic, Louisiana observed a significant decrease in the number of students identified as experiencing homelessness. In response, Louisiana decided to focus its ARP-HCY statewide funds on family engagement. The emphasis on family engagement is supported both by research that shows that students with engaged families have better health, education and overall life outcomes and by Federal laws, such as the McKinney-Vento Act, Title I Part A, and IDEA, that require educators to engage parents/families in meaningful ways. Louisiana's goal in using its statewide ARP-HCY funds is to support families in being more engaged in their children's education, regardless of housing status, while also strengthening family-school relationships.

The Louisiana Department of Education (LDOE) is partnering with Louisiana Public Broadcasting on a media campaign that uses television commercials and Public Service Announcements to launch the family engagement initiative, highlighting the definition of family engagement and providing resources to reach and engage families. In addition, the Department is providing Ready to Learn Family Workshops to over 750 families across the state to expose families to enrichment activities through play. LDOE also partnered with All Here, a mobile messaging app, to launch the "Be Engaged Bot," which provides 24/7 tutoring and mental health services to families experiencing homelessness, and launched the Be Engaged Framework, which provides daily guidance to schools and districts on building relationships. LDOE also implemented PasaPuntos, which is a tool to incentivize parents to increase engagement while providing economic relief through coupons. Lastly, LDOE used its annual statewide survey to get feedback from parents to guide future initiatives.

In conjunction with the Be Engaged campaign, the State McKinney-Vento Coordinator, Dr. Antiqua Hunter, is focusing statewide professional development efforts on instructing Homeless Liaisons about how to engage and build quality relationships with families that are experiencing homelessness.

“We all play a part in getting each child to graduation day, and it is our goal to find and connect with students and families who have become disengaged because of the pandemic. We want to strengthen the relationships to support re-engagement and success no matter where they reside or their socioeconomic status. As we begin to focus on engaging families by building their capacity, it is our aim to intentionally empower the support nucleus which will ultimately impact student achievement.”
