

A. Description of overall philosophy (200 word limit):
 New Orleans College Prep special education programs adhere to the philosophy that all students are entitled to the individualized supports necessary to maximize his/her potential. We empower teachers and students to achieve excellence in all aspects of our scholar’s’ social, emotional, behavioral and academic lives. We work diligently to provide quality pk-12 education that prepares all students to enter and excel in rigorous, post-secondary outcomes.

Through collaborative efforts with staff, families and community partners, we are committed to the following:

- Acknowledging the needs of diverse learners through inclusive practices and specialized instruction
- Implementing evidence-based practices and instruction as outlined on Individualized Education Programs (IEP’s)
- Encouraging students to advocate for their support needs.
- Creating a safe climate for student learning and development.
- Collaborating with community supports to improve and increase parent/family-school involvement.
- Ensuring legal and ethical guidelines for special education services are implemented with fidelity

<p>Response to Intervention Overview</p>	<p>Response to Intervention (RTI) is a three tiered framework to improve learning through evidence-based instruction, interventions and ongoing assessment. The purpose of the RTI process at Crocker College Prep is to identify learning and behavioral difficulties early in an effort to intervene with specialized supports and improve the overall academic achievement of our scholars to help prepare them for college and life.</p> <p>Three tiers (or levels) of academic or behavioral support are in place and include evidence-based interventions or practices. Scholars receive evidence-based interventions either in a small group setting or individually to mediate areas of performance that are below grade level standards and/or expectations.</p> <p>The RTI team meets regularly to analyze data (academic and behavioral) and evaluate response or lack of response to interventions. Teachers make referrals to the RTI team based on universal screening results, intervention data, observational data, weekly assignments, test scores and grades. Parent concerns/referrals are also welcomed and will be reviewed by the RTI team upon receipt.</p> <p>Examples of universal screeners: Strategic Teaching and Evaluation of Progress (STEP) Measures of Academic Progress Strengths and Difficulties Questionnaire (SDQ) Fountas and Pinnell Schoolrunner behavior data</p> <p>Examples of reading interventions: Hybridge by Compass Learning Leveled Literacy Intervention (LLI) Reading Mastery Stepping Stones Achieve 3000</p> <p>Examples of math interventions: Hybridge by Compass Learning</p> <p>Examples of behavior interventions: School-wide Positive Behavior Interventions and Supports Check-In/Check-Out Individual and Group Counseling Skills groups Functional Behavior Assessment (FBA) Behavior Intervention Plan (BIP)</p>

Description of extended school year services:	<p>Identification: Teachers receive Extended School Year training each school year. All ESY decisions are data-based and meet the requirements specified in Bulletin 1530, Section 705 (e.g., Regression-Recoupment, Critical Point of Instruction, and Special Circumstances) for ESY services. ESY deadlines are set early enough in quarter 4, to allow the development of an ESY IEP, with parent participation.</p> <p>Delivery: If ESY services are required, our network will have two sites: PK-8 and 9-12. Services would coincide with other summer school programming taking place at each site, with certified special education teachers delivering IEP minutes and instruction.</p>		
Description of specialized program(s):	<p>Students who need support outside of what is provided in the self-contained setting are reviewed on an individualized basis by the IEP team. After reviewing, the team problem-solves to determine the best programming and setting to meet at student’s needs. Unique ways in which we’ve provided additional support in the past include, but are not limited to 1:1 paraeducators, modified schedules, the addition of assistive technology devices (e.g., voice output device, text-to-speech software), adding related services (e.g., social work services, speech therapy, etc.).</p> <p>Homebound services are provided when that setting best meets the needs of the student.</p> <p>In addition, NOCP has a partnership with the New Orleans Therapeutic Day Treatment Program.</p>
