Diverse Learners Cycle Across Content Areas

Reflect and revise plans for continuing or adjusting support

Identify grade-level standards

Identify the skills and knowledge in ELA **or prerequisite standards** in Math needed to achieve mastery on grade-level work

Deliver core supports and measure progress

Identify gaps to achieving mastery on grade-level work **and core supports*** to address them

Establish a plan to deliver core supports and monitor progress
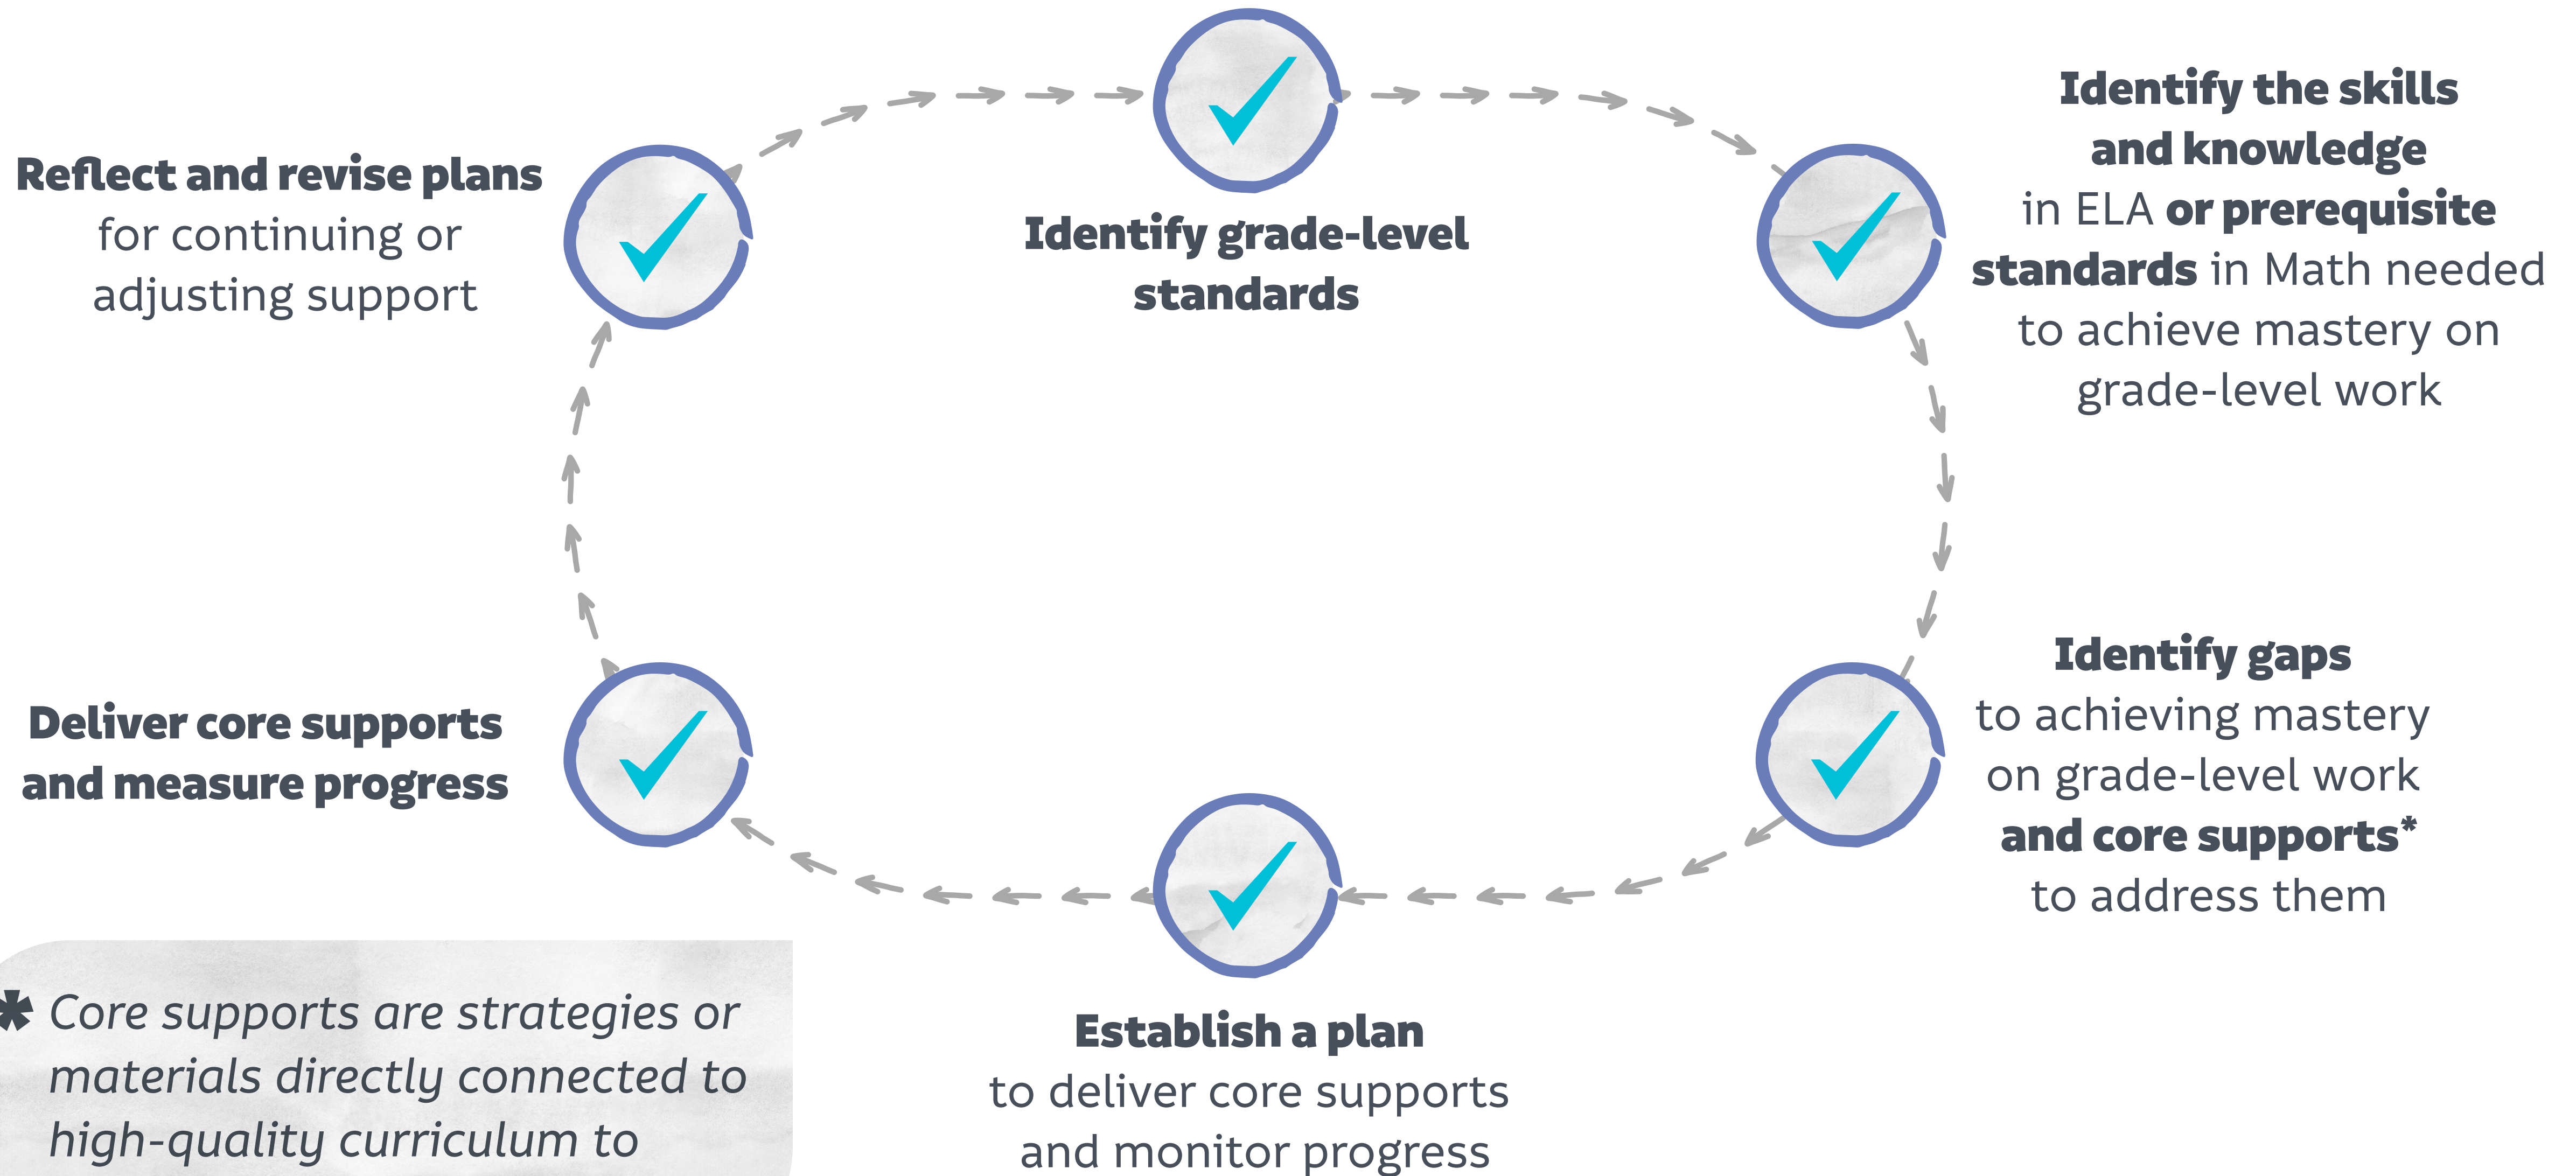

✱ *Core supports are strategies or materials directly connected to high-quality curriculum to support diverse learners.*
