Background:
Policy and Progress for Students with
Significant Cognitive Disabilities

Building Meaningful Educational Opportunities for Students with Significant Cognitive Disabilities

Louisiana believes that all students, including students with the most significant disabilities, should be held to the highest possible grade-level expectations. Over the past few years, much progress has been made to deliver on this belief including:

- Louisiana Connectors standards in ELA, mathematics, and science with aligned instructional resources
- LEAP Connect, alternate assessment eligibility criteria revisions to Bulletin 1530
- a LEAP Connect alternate assessment aligned to the Connectors to measure student progress
- a graduation pathway to a high school diploma for students assessed on an alternate assessment

Alternate Assessment Participation Criteria

Bulletin 1530

BESE policy outlines specific criteria a student must meet to participate in the LEAP Connect alternate assessment. This criteria is found in Bulletin 1530, *Louisiana IEP Handbook for Students with Exceptionalities*.

BESE Bulletin 1530 now contains high school cohort specific language that requires IEP teams to apply grade band specific criteria when determining student eligibility for the alternate assessment.

IEP teams are responsible for determining if a student is eligible to participate in the alternate assessment, based on this newly revised eligibility criteria:

- **Criterion 1 contains significant revisions** and is now high school **cohort specific**
- **Criterion 2 contains minor revisions** that apply to **all students** at all grade levels
- **Criterion 3 contains minor revisions** that apply to **all students** at all grade levels

Criterion 1

High School Cohort Specific

HS Cohort on/before the 2019-2020 SY*

Criterion 1:

1. For students entering a **high school cohort on or before the 2019-2020 school year**, the student has a disability that **significantly impacts cognitive function and/or adaptive behavior**. This may be demonstrated in the following ways.

*Students in 8th grade or above during the 2018-2019 school year

HS Cohort during the 2020-2021 SY*

Criterion 1:

1. For students **entering a high school cohort during the 2020 – 2021 school year and beyond**, the student has a disability that **significantly impacts cognitive function**. This may be demonstrated in the following ways.

*Students in 7th grade or below during the 2018-2019 school year

Criterion 1 (A)

High School Cohort Specific

HS Cohort on/before the 2019-2020 SY*

Criterion 1 (A):

- A. For students who have not completed the fifth grade, an eligible student is functioning 3 or more standard deviations below the mean **in cognitive functioning and/or adaptive behavior.**

*Students in 8th grade or above during the 2018-2019 school year

HS Cohort during the 2020-2021 SY*

Criterion 1 (A):

- A. For students who **have not completed the fifth grade**, an eligible student is functioning **3 or more standard deviations below the mean in cognitive functioning.**

*Students in 7th grade or below during the 2018-2019 school year

Criterion 1 (B)

High School Cohort Specific

HS Cohort on/before the 2019-2020 SY*

Criterion 1 (B):

- B. For students who have **completed fifth grade**, an eligible student is functioning **2.3 or more standard deviations below the mean in cognitive functioning and/or adaptive behavior.**

*Students in 8th grade or above during the 2018-2019 school year

HS Cohort during the 2020-2021 SY*

Criterion 1 (B):

- B. For students who have **completed fifth grade**, an eligible student is functioning **2.3 or more standard deviations below the mean in cognitive functioning.**

*Students in 7th grade or below during the 2018-2019 school year

Criterion 1 (C)

High School Cohort Specific

HS Cohort on/before the 2019-2020 SY*

Criterion 1 (C):

- C. Students who have **completed the fifth grade** functioning between **2.0 and 2.29 or more standard deviations** below the mean **in cognitive functioning and/or adaptive behavior** may be eligible for alternate assessment participation if the IEP team provides **additional empirical evidence** an alternate assessment identification is appropriate for the student.

*Students in 8th grade or above during the 2018-2019 school year

HS Cohort during the 2020-2021 SY*

Criterion 1 (C):

- C. Students who have **completed the fifth grade** functioning between **2.0 and 2.29 or more standard deviations** below the mean **in cognitive functioning and with deficits in adaptive behavior** may be eligible for alternate assessment participation if the IEP team provides **additional empirical evidence** an alternate assessment identification is appropriate for the student.

*Students in 7th grade or below during the 2018-2019 school year

NEW Criterion 2

Applies to All Students at All Grade Levels

Previous Criterion	New Criterion: All Grade Levels*
<p>Criterion 2</p> <p>2. The student requires extensive modified instruction aligned with the Louisiana extended standards to acquire, maintain, and generalize skills.</p>	<p>Criterion 2</p> <p>2. The student requires direct individualized instruction and substantial supports to achieve measurable gains on the challenging state academic content standards for the grade in which the student is enrolled.</p> <p>*Applies to all students in all grades</p>

NEW Criterion 3

Applies to All Students at All Grade Levels

The decision to include the student in an alternate assessment **is not solely based on** the following:

- a. student's educational placement;
- b. excessive or extended absences;
- c. disruptive behavior;
- d. English language proficiency;
- e. student's reading level or academic level;
- f. student's disability according to Bulletin 1508;
- g. social, cultural, and/or economic differences;
- h. anticipated impact on school performance scores;
- i. administrative decision;
- j. expectation that the student will not perform well on the LEAP 2025 or other statewide assessments;
- k. **the student's previous need for accommodation(s) to participate in general state or district-wide assessments.**

SER Enhancements: Alternate Assessment

Special Education Reporting System (SER) Enhancements

BESE bulletin 1530 now contains high school cohort specific language that requires IEP teams to apply grade level specific criteria when determining participation in the alternate assessment.

The Department is adding additional enhancements to the SER system to incorporate these policy changes. These enhancements include:

- “Instruction Aligned to Louisiana Connectors” checkbox on Instruction Plan pages
- LEAP Connect assessment choices on Program Services page
- New LEAP Connect forms (based on HS Cohort)
- Revised version of Additional Documentation (Criterion 1.C.)
- Change or delete evaluation results on Evaluation page
- Revised Post School Transition Survey

Special Education Reporting System (SER) Enhancements

Instructional Plan Page(s)

IEP teams will indicate if an instructional goal is aligned to the Louisiana Connectors.

Additional Documentation for using Criterion 1.C

Additional documentation for criterion 1.C still appears on the LEAP Connect form for this choice.

Documentation has been updated in the form of a rating scale for various domains.

Teams are required to select a student characteristics rating for each of the eight domains.

Additional Documentation for using Criterion 1.C.

Criterion 1.C. requires teams to provide additional documentation that an alternate assessment identification is appropriate for the student eligibility criteria. Ratings in the majority of the following domains would likely, but not always, fall in the lower half of the scale for student's service model. Ratings are used for documentation and data collection.

Updating and Documenting Results in SER

School systems are required to apply the state's new eligibility criteria to alternate assessment decisions for all new or amended IEP's. Alternate assessment eligibility decisions must be finalized in SER, according to the state's new eligibility criteria, no less than 30 days prior to the Spring 2020 assessment window.

In addition, school systems need to continue to ensure cognitive and adaptive evaluation results are captured and updated for all students with disabilities on the following timeline:

All students who will take the LEAP Connect alternate assessment in Spring 2020

No less than 30 days prior to the opening of the LEAP Connect testing window, school systems must update, as appropriate, cognitive and/or adaptive assessment results to be applied to the state's revised eligibility criteria for IEP teams to make appropriate assessment decisions.

All other students with disabilities administered a cognitive and/or adaptive assessment

Evaluation results captured in SER during the student's initial evaluation or next reevaluation.

Technical Guidance: Post-School Transition

Special Education Reporting System (SER) Post-School Transition Update

Post-School Transition (Indicator 14)

The Office of Special Education Programs (OSEP) requires states to report post school transition outcomes for students with disabilities who have been out of school for one year since exiting high school in the State Performance Plan (SPP) / Annual Performance Report (APR).

When reporting in the FFY 2019-2020 SPP / APR, states must report in alignment with the term “competitive integrated employment” and its definition, in section 7(5) of the Rehabilitation Act, as amended by Workforce Innovation and Opportunity Act (WIOA), and 34 CFR §361.5(c)(9).

The Department is revising its survey to meet the OSEP requirements and will provide the revised survey to school systems.

The background of the slide is a light blue watercolor wash with horizontal lines, resembling a notebook page. The watercolor is more concentrated at the top and bottom edges, fading towards the center where the text is located.

Summary

New: ESSA Alternate Assessment Data Packages to be Released

Under the Every Student Succeeds Act (ESSA), any school system with more than 1.0 percent of students participating in the ELA, math, or science alternate assessment must take certain actions.

The Department will provide all school systems with an alternate assessment package by Friday, July 19 via FTP with the file name: LEA Code_LEA Name_Prelim Alternate Assessment 2019.

School systems should review their data, and if they exceed the 1.0 percent participation threshold, should take the actions outlined in the package. Please contact your school system's FTP coordinator to retrieve your alternate assessment package.

The Department will also host a webinar to help school systems complete these actions. Please check next week's newsletter for additional information.

For more information, please email specialeducation@la.gov.

Summary

ESSA requires states to ensure that only students with the most significant disabilities take the LEAP Connect alternate assessment. To ensure this, the Department is releasing enhancements to SER aligned with current policy revisions and designed to increase usability of the evaluation section of the system.
