LEVEL 2 CERTIFIED Educator Google for Education

How can I make my lessons pop?

Add videos that you control?

Add presentations that you control?

Add slides with writing that you read or make the kids read?

Add your course syllabus or guide to your website?

Play Kahoots you create?

Technology helps us to

LeT Go!!

Get the Kids to do the WORK!!

Provide activities that have the students do most of the work.

Examples:

Interactive organizers

Webquests

Simple research projects

Drawing/Design activities

Simple ways to begin

START SMALL

Begin with something you are most comfortable with or easy to learn.

-Create a simple slideshow or word document to project:

with vocabulary words.

with questions

With fill in the blank sentences

With bellringers

With daily schedule

Simple ways to begin

Steal, I mean Utilize

Look for something already made
Or something similar to what you need
Check out templates on various websites

Simple ways to begin

Make The kids do iT

Google is at their fingertips.
Flip that Lesson onto them

Simple ways to begin

START a cLASSROOM BLog

Blogger
KidblOg
EdublOg

Simple ways to begin

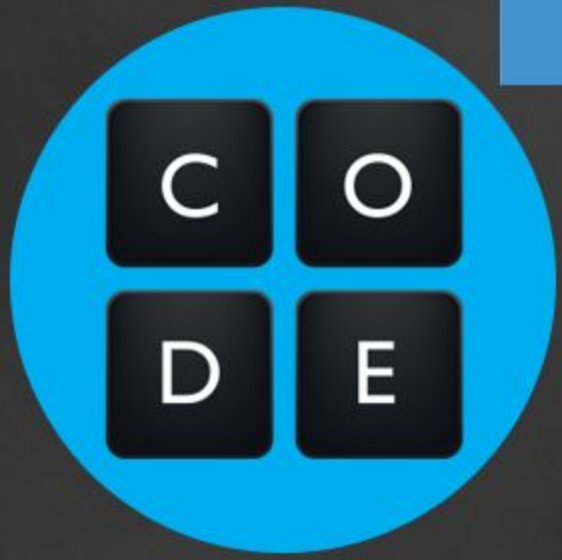
Start a Classroom Facebook page or Twitter feed

- Summaries
- Digital citizenship
- Keep parents informed

Simple ways to begin

Learn To Code, Then Teach YOUR kids!

Aligned to NGSS
Great for early finishers
Center games



Simple ways to begin

Make your homework digital

Reading Logs

Spelling tic-tac-toe

Math word problems
