

Teaching & Learning, Division of Numeracy

# K-12 Mathematics Standards Institutes

## 2026

To support educators and leaders in implementing the revised K-12 Louisiana Student Standards for Mathematics, the Division of Numeracy will be hosting Standards Institutes in various regions across the state. The standards institutes will be a six-hour professional learning where math leaders and educators will learn about key updates to the standards, including

- updated domain titles;
- updated standard language and examples; and
- resources that support deep understanding and implementation of the standards.

Space for these events is limited. Registration opens April 13, 2026, and will remain open until all slots are filled. If your system is interested in holding a dedicated training for your teachers, facilitated by one of our LDOE Numeracy Coaches, please contact [math@la.gov](mailto:math@la.gov) to schedule.

### June Standards Institutes
