# EDUCATOR WORKFORCE REPORT METHODOLOGY

The Educator Workforce Report provides LEA leaders with a field of data to help inform decisions regarding the educators and education leaders in their LEAs.

All charter schools were excluded from data in tables with reference to certification status. All other tables include data for all schools in the state where information was applicable. Therefore, some numbers in the region roll-up may vary from those previously reported on district or school workforce reports.

## WHO IS INCLUDED IN THIS REPORT?

This report includes data on teachers and leaders who are employed in the 2016-2017 school year.

- Includes all Louisiana public schools who had teachers reported in PEP and who had a school report card produced in 2016. "Teachers" include any employee with object code 112 in the Profile of Educational Personnel (PEP).

## WHAT DATA ARE USED IN THIS REPORT?

Data for the Educator Workforce Report is pulled from the following sources:

- Profile of Educational Personnel (PEP)
- Teacher Certificate Management System (TCMS)
- Curriculum Database (CUR)
- Classification of Instruction Programs (CIP)
- Compass Information System (CIS)
- October 2016 Enrollment (Multistats) file
- 2016 Course list
