

OVERVIEW

The Educator Workforce Snapshot provides an overview of workforce data for the 145 traditional public schools and public charter schools in Louisiana's CENTRAL REGION from the 2024-2025 school year based on End-of-Year (EOY) data*. The purpose of this snapshot is to communicate annual workforce data and trends to stakeholders, and to support decision-making for statewide improvements regarding recruitment and retention. In this snapshot, "teacher" is defined as any teacher of certified courses; "school leaders" are educators serving as principals or assistant principals in traditional public schools and public charter schools in Louisiana.

*Workforce Reports prior to 2021-2022 used October 1 reporting data.

CERTIFICATION

These data reflect teacher certification for core classes in Louisiana traditional public schools and public charter schools. Teachers are certified when they hold a valid teaching certificate. If a certified teacher teaches a course that is outside of their certification area, they are considered as teaching out-of-field (OOF). A teacher could teach both courses in their certification area and out-of-field courses. Teachers without a valid certification, or with a certificate that has expired, are considered uncertified.

RECRUITING AND HIRING

These data indicate the entire “newly hired teacher population” as well as the teacher preparation program from which first-year teachers were hired in all Louisiana traditional public schools and public charter schools. Louisiana’s teacher pathways are divided into “undergraduate” and “post-baccalaureate” programs. Subsets of those newly hired teachers are disaggregated below.

NEWLY HIRED TEACHERS BY PATHWAY

EVALUATING RESULTS

The [Value-Added Model \(VAM\)](#) data below, which focuses on student growth over a one-year period, is displayed by teacher type and is disaggregated by subject area and certification status. Only teachers in Louisiana traditional public schools and public charter schools who are eligible for VAM data receive this data. For the 2023-2024 academic year, social studies conducted a field test for the initial implementation of the new Louisiana Social Studies Standards; therefore, social studies did not receive VAM results and received an "NR" which stands for Not Reported.

2024-2025 VAM data relies on student growth from LEAP 2025 between the 2023-2024 academic year and the 2024-2025 academic year. VAM ratings have been adjusted to a 5-point scale to align with the new Louisiana Educator Advancement and Development System (LEADS), which was implemented during the learning year during 2024-2025 school year and will have statewide implementation in 2025-2026.

- **Teacher Certification by Subject Area:** Out-of-field teachers were identified based on the certification area(s) for the courses being taught according to the Curriculum Database (CUR) cross-referenced with all certification area(s) held by the teacher according to Teacher Certification Management System (TCMS). Teachers may be certified and still classified as out-of-field if they teach any course that requires a certification different from what they hold; therefore, teachers may count as both certified and out-of-field.

TEACHERS HIRED

- **Newly Hired Teachers:** The newly hired population indicates how much of the total teacher workforce is newly hired. A teacher who was hired previously, left a Louisiana traditional public school system or a public charter school, and was hired again in 2024-2025 is counted as a new hire. These teachers were not employed the previous year by Louisiana traditional public schools or public charter schools.

This is broken down into undergraduate and post-baccalaureate pathways.

EVALUATING RESULTS

- Teachers and school leaders who received value-added model (VAM) results for more than one subject area are counted for each subject area for which they received VAM results.

RETENTION

- **Number of Retained Teachers and School Leaders:** Teachers and School Leaders retained in the state include teachers who were employed in a school system in the state as reported in EdLink 360 in one year and continued to be employed in a school system in the state as reported in EdLink 360 during the first reporting period of the following year.
- **Average Number of Years of Experience of Departing Teachers:** Years of experience is calculated based upon the number of years the teacher appeared in EdLink 360. EdLink 360 data collection began in 2021.

DEFINITIONS

- **Comprehensive Intervention Required (CIR):** An overall performance of “D” or “F” for three years (or two years for new schools) and/or a graduation rate of less than 67% in the most recent year.
- **Count of Teachers:** This data represents the headcount of teachers, object code 112, as reported in EdLink 360. Each teacher is counted once, regardless if he/she works at more than one site. Teachers reported as post-secondary, contractual, or third party were excluded from this report.
- **Economically Disadvantaged Students (EDS):** Students eligible for the Supplemental Nutrition Assistance Program, Temporary Assistance for Needy Families, Medicaid, awaiting foster care, migrant, and incarcerated children. Includes only students attending Title I schools. Students who received DSNAP are also included in the economically disadvantaged numbers.
- **Grade Band:** Certifications are grouped by grade levels.
- **Non-Economically Disadvantaged Students:** Students NOT eligible for Supplemental Nutrition Assistance Program, Temporary Assistance for Needy Families, Medicaid, awaiting foster care, migrant, and incarcerated children. This includes only students NOT attending Title I schools.
- **Out-of-field Authorization to Teach (OFAT)** is a non-standard certificate issued to certified teachers teaching in a certification area for which they are not regularly credentialed to teach. OFAT teachers have completed teacher preparation for at least one subject area and are fully certified teachers.
- **Out-of-field Teachers:** Teachers who hold one of the following valid certificates: Professional Level 1, 2, 3; Type C, B, or A; Out-of-State; Foreign Language Elementary Special Certificate; Practitioner 1, 2, or 3 license; World Language Certificate; Extended Endorsement License; or a standard certificate for teachers in nonpublic schools, but who do not hold the certification area for their teaching assignment in at least one class (e.g., a teacher certified in Elementary who is teaching secondary Science).
- **Practitioner’s License (PL):** a standard teaching certificate issued to teacher candidates enrolled in BESE-approved teacher preparation programs at the request of the program provider; the practitioner’s license certifies the teacher candidate to teach students the content aligned with the certification program area within a Louisiana school system as the Teacher of Record.

- **School Leader:** Principal or assistant principal.
- **Student of Color:** Student who is a member of one of the following races or ethnicities: American Indian or Alaskan, Asian, Black or African American, Hispanic/Latino.
- **Students Who are English Learners (EL):** Individuals who do not speak English as their primary language and have a limited ability to read, speak, write, or understand English can be considered English Learners (ELs).
- **Students with Disabilities (SWD):** This term specifically refers to those learners who have been identified as children (all ages) or students (school-aged) with disabilities as defined by Individuals with Disabilities Education Act (IDEA) and Americans with Disabilities Act (ADA) and designated in the Special Education Reporting system (eSER).

- **Uncertified Teachers:** Teachers who do not hold a certificate as described above, including those who hold a Temporary Authority to Teach (TA, T1, T2, or T3), a Temporary Employment Permit (TEP, TEP2, TEP3), or teachers who do not hold any certificate.
- **Value Added Model (VAM):** The value-added model (VAM) measures students' success compared to similar peers year to year. Value-added is a statistical model that uses student characteristics to determine anticipated student performance in the current year. The VAM anticipates how well students will perform on state assessments in comparison to their peers with similar prior test scores and background. Once a student has taken state assessments, the model shows the extent to which his or her achievement was on target with what was expected (student expected score). The difference between a student's actual achievement and his or her expected achievement is known as the "value added."
