LOUISIANA DEPARTMENT OF EDUCATION

Teaching and Learning

Freedom Framework Diploma Seal Endorsement

School systems should use this document to report the number of students who have earned the Freedom Framework Seal by achieving Mastery or above on the LEAP 2025 Civics assessment.

Requirements for Ordering Freedom Framework Diploma Seals

To order Freedom Framework Diploma Seals, school systems must:

- verify that each student has achieved Mastery or above on the LEAP 2025 Civics assessment,
- ensure the number of seals ordered corresponds to the number of students with verified qualifying scores, and
- submit documentation with this form that includes each eligible student's name or student identification number and corresponding LEAP 2025 Civics assessment score demonstrating Mastery or above.

School systems awaiting student scores may submit another request form once those additional scores have been verified. Each submission must include documentation verifying the qualifying scores of the students for whom seals are requested.
