# LDOE Updates/Opportunities

# Mentor Funding

School Systems received Mentor funding in mid-January. System leads also received an email with a list of Mentors eligible for funding on January 12.

If a school system did not receive funding for a Mentor the most likely reason for ineligibility is:

- The Mentor was not coded as 112, teacher.
- The Mentor did not possess the required Mentor certification or Mentor waiver by October 1, 2023.
- The resident they supported did not hold their required certification (PL or resident license) by October 1, 2023.

Please contact [believeandprepare@la.gov](mailto:believeandprepare@la.gov) with questions.

# Pre-K Mentor Funding

Mentors coded as Pre-K teachers are not eligible for MFP Mentor funding. School systems receive funding for these Mentors through an allocation in EGMs, using 8g funding.

If a school system reported an eligible Pre-K Mentor, the system lead should have received an email following the January BESE meeting with details about accessing this funding in EGMs.

Please contact [believeandprepare@la.gov](mailto:believeandprepare@la.gov) with questions.

# High Quality Instructional Materials (HQIM)

Teacher Preparation Providers (TPPs) have identified purchasing HQIM as a financial barrier to providing quality experiences for their candidates. LDOE is guiding TPPs with the purchase and implementation of HQIM most chosen by local school systems. This assistance will help better align coursework with Birth-12 clinical experiences and more strongly prepare graduates for their Louisiana classrooms.

Deans and Directors will be receiving an email within the next few weeks with their allocation, a survey to gather information and assurances, and directions on the processes.

More information will be provided in the spring around opportunities for professional learning.
