# K-12 Louisiana Student Standards for Computer Science Overview Webinar

---

## Join Us

Join us for a comprehensive webinar delving into Louisiana's latest achievement in expanding computer science education, the [K-12 Louisiana Student Standards for Computer Science](#). Webinar sessions introducing these standards will begin following the presentation of the standards and public comment summary at the October BESE meeting.

The webinar will provide an overview of computer science in Louisiana and the creation of the K-12 Louisiana Student Standards for Computer Science. Participants will also preview a timeline and best practices for standards implementation.

Webinars will be held at the dates and times below. Please select the best date and time for your schedule and register using the link provided.
