

## Teaching & Learning, Academic Content

# High-Quality Professional Learning Packages

May 2025

## Theory of Action

Students make meaningful growth when:

- they use a high-quality curriculum each day;
- teachers have initial and ongoing professional learning that helps them use that curriculum effectively; and
- teachers use data from a limited number of standards-aligned, non-summative assessments that measure how well students meet the outcomes of the high-quality curriculum.

## Effective High-Quality Professional Learning

Effective implementation of high-quality instructional materials (HQIM) tremendously impacts student learning. To ensure effective HQIM implementation, ongoing high-quality professional learning (HQPL) for educators at every level must be in place.

**High-Quality Professional Learning:** High-Quality Professional Learning (HQPL) is led by a knowledgeable facilitator using a cycle of learning over a period of time and includes ongoing collaboration and coaching, and transfer into classrooms. HQPL begins with student and teacher academic needs and supports the implementation of high-quality instructional materials, leading to increased student outcomes.

The LDOE is working in collaboration with professional learning partners to offer professional learning packages to support systems in engaging in the highest quality professional learning and ensure access to comprehensive ongoing professional learning.

# About the Professional Learning Packages

Each of the professional learning partners featured in our Instructional Materials Professional Learning Partner Guide was invited to create a professional learning package that fits within one of three categories for systems to select from:

- Adoption and Initial Implementation
- Ongoing Support; and
- Establishing and Sustaining Professional Learning Structures

Each of the packages includes teacher support as well as leader-specific support/coaching. Information about each package is shown below.

## Adoption and Initial Implementation Package

This professional learning package prepares teachers and leaders for the **first year** of curriculum adoption and implementation. The foundational training ensures they are well-equipped to implement the new curriculum effectively.

## Ongoing Support Package

This professional learning package is for schools and systems in their **second or third year** of implementation. Its purpose is to help educators sustain and enhance implementation over time. This package aims to assist teachers and leaders in adapting and improving their instructional practices.

## Establishing and Sustaining Professional Learning Structures Package

This package is for systems in their **fourth year of implementation and beyond**. This package focuses on establishing and sustaining effective professional learning structures that promote continuous growth, collaboration, and improvement. The package includes guidance and coaching to carefully plan and execute professional learning, ensuring educators receive relevant, impactful, ongoing, and job-embedded professional learning.

## Adoption and Initial Implementation Package

Package Description and Services	Pricing Information
<p>Attuned will partner with schools and systems to support the first year of Core Knowledge Language Arts (CKLA) curriculum adoption and implementation in grades K-5, ensuring teachers and leaders are well-equipped to implement the new curriculum effectively. Specifically, Attuned’s support across role types will include:</p> <ul style="list-style-type: none"><li>• Facilitating 14 hours of professional learning (including 12 hours of a summer professional learning launch session) for teachers, school leadership team, and support team members (including those who directly coach and support teachers of CKLA), potentially including topics such as:<ul style="list-style-type: none"><li>○ The what and why behind the CKLA curriculum, including design principles</li><li>○ Unit and lesson internalization practices for CKLA</li><li>○ Supporting multilingual learners</li></ul></li><li>• Conducting one literacy walkthrough to collect data on curriculum implementation to:<ul style="list-style-type: none"><li>○ Identify ongoing professional learning needs and school-specific supports</li><li>○ Monitor progress toward measures of success</li><li>○ Provide on-site debrief and action planning with school staff members</li></ul></li></ul>	<p>\$30,000 per school</p>

## Ongoing Support Package

Package Description and Services	Pricing Information
----------------------------------	---------------------

<p>Attuned will partner with schools and systems in their second or third year of CKLA curriculum implementation in grades K-5 with the purpose of helping educators sustain and enhance implementation over time. Specifically, Attuned's support across role types will include:</p> <ul style="list-style-type: none"> <li>• Five bi-monthly meetings with the project leads to manage the project, which includes: <ul style="list-style-type: none"> <li>◦ Identifying deliverables, roles, and key dates</li> <li>◦ Aligning on school-level goals and plans for professional development, progress monitoring, and walkthroughs</li> <li>◦ Summarizing and debriefing each round of progress monitoring data</li> <li>◦ Surfacing and problem-solving potential roadblocks during implementation</li> <li>◦ Providing ongoing thought partnership</li> </ul> </li> <li>• Conducting three rounds of literacy walkthroughs to collect data on curriculum implementation to: <ul style="list-style-type: none"> <li>◦ Identify professional learning needs and school-specific supports</li> <li>◦ Monitor progress toward measures of success</li> <li>◦ Provide on-site debrief and action planning with school staff members</li> </ul> </li> <li>• Facilitating up to eight hours of professional learning during the year for teachers, school leadership team, and support team members (including those who directly coach and support teachers of CKLA), potentially including topics such as: <ul style="list-style-type: none"> <li>◦ Deepening unit and lesson internalization practices for CKLA</li> <li>◦ Planning for Cross-Linguistic Connections for Multilingual Learners: CKLA K-2 Skills Block</li> <li>◦ Supporting Access to Complex Text: CKLA</li> <li>◦ Developing Academic Language through Planned Interactions with Complex Text: CKLA</li> </ul> </li> </ul>	<p>\$30,000 per school</p>
--	----------------------------

## Establishing and Sustaining Professional Learning Structures Package

Package Description and Services	Pricing Information
<p>Attuned will partner with schools and systems in their fourth year of implementation and beyond of the CKLA curriculum in grades K-5, focusing on establishing and sustaining effective professional learning structures that promote continuous growth, collaboration, and improvement. The package includes guidance and coaching to carefully plan and execute professional learning, ensuring educators receive relevant, impactful, ongoing, and job-embedded professional learning. Furthermore, Attuned will build the capacity of leaders to ensure that school and classroom-level change is happening in literacy by building the technical skills, and adaptive leadership skills of literacy/humanities leader(s) to champion the school's literacy vision, oversee the implementation of the CKLA curriculum, and improve overall coherence around literacy. Specifically, Attuned's support across role types will include:</p>	<p>\$29,880 per school</p>

<ul style="list-style-type: none"> <li>● Five bi-monthly meetings with the project leads to manage the project, which includes: <ul style="list-style-type: none"> <li>○ Identifying deliverables, roles, and key dates</li> <li>○ Aligning on school-level goals and plans for professional development, progress monitoring, and walkthroughs</li> <li>○ Summarizing and debriefing each round of progress monitoring data</li> <li>○ Surfacing and problem-solving potential roadblocks during implementation</li> <li>○ Providing ongoing thought partnership</li> </ul> </li> <li>● Designing and co-facilitating three meetings of the school’s Steering Committee (“SteerCo”) or instructional leadership team (e.g. principal, assistant principal, mentor teacher, coaches, etc.) in order to: <ul style="list-style-type: none"> <li>○ Build shared understanding and ownership of the state of literacy curriculum implementation</li> <li>○ Present and analyze high-leverage qualitative and quantitative data, including stakeholder perspectives</li> <li>○ Make adjustments to literacy implementation in order to accelerate the impact</li> <li>○ Celebrate wins, identify lessons learned, and prepare to communicate with the broader school community</li> <li>○ Refresh the literacy priorities for the next year, including the generation of key deliverables and initiative measures</li> </ul> </li> <li>● Conducting three rounds of literacy walkthroughs to collect data on CKLA implementation to: <ul style="list-style-type: none"> <li>○ Identify professional learning needs and school-specific supports</li> <li>○ Monitor progress toward measures of success</li> <li>○ Provide on-site debrief and action planning with school staff members</li> </ul> </li> <li>● Design and co-facilitate up to 2 hours of professional learning, audience TBD (e.g., school leaders, coaches, teachers, etc) to: <ul style="list-style-type: none"> <li>○ Celebrate wins, identify lessons learned, and ensure shared visibility into the progress of literacy implementation</li> <li>○ Present and analyze high-leverage qualitative and quantitative data, including stakeholder perspectives</li> <li>○ Facilitate purposeful reflection and action planning at the learning community and school level to drive impact in response to data</li> </ul> </li> </ul>

## Ongoing Support Package

Package Description and Services	Pricing Information
<p>This package aims to assist teachers and leaders in adapting and improving their instructional practices and implementing their curriculum effectively for diverse learners. As a result of the support in this package:</p> <ul style="list-style-type: none"> <li>School and system conditions for effective curriculum implementation improve</li> <li>Schools reach level 3 of the <a href="#">Curriculum Implementation Scale</a></li> </ul> <p><b>ACTIVITIES</b></p>	<p>\$30,000 per school</p>

- **Three co-planning meetings** with system leaders to ensure the summer learning experience aligns with system instructional priorities and addresses unique system context
- **Three-day summer learning experience** with teachers and school leaders
  - **Teachers (two days)**
    - Leveraging curriculum tools and components to accelerate learning, including scaffolding, meeting the needs of diverse learners through strategic data collection (identifying strong sources of evidence, understanding student work analysis protocols, and responding to data through the use of curricular supports)
  - **Leaders (one day)**
    - Understanding key data collection embedded in curriculum structure and curricular tools to accelerate learning and leveraging them in a continuous improvement cycle
    - Develop a school-specific theory of action for implementation, including measures of success, key leader actions, data cycles, and opportunities to document progress and action steps
- **Two-day virtual new teacher catch-up** learning experience (mix of synchronous and asynchronous)
  - Deep dive on the components and structure of the new curriculum and assessment with an emphasis on the content and standards in the first two units or modules
  - Unit and lesson internalization protocols
- **Monthly school-based coaching** with Instructional Leadership Teams (ILT) at up to 10 schools (alternating in-person and virtual)
  - Internalizing, norming around, and prioritizing implementation indicators based on school needs/context
  - Giving effective curriculum- and content-specific feedback
  - Track school-specific theory of action for implementation, including measures of success, key leader actions, and opportunities to document progress and action steps
  - Revisit school-specific theory of action for implementation, including measures of success, key leader actions, data cycles, and opportunities to document progress and action steps
- **Assess system conditions and recommend action steps**
  - Administer Leading Educators' system conditions assessment - which tracks the presence of the conditions needed for effective curriculum implementation and professional learning in schools - at the beginning of the school year and the end of the school year
  - Present a report with the findings from the assessment and recommendations for priority conditions to address along with suggested actions
- **Progress monitoring**

<ul style="list-style-type: none"> <li>○ Three school walkthroughs with a focus on practicing identifying strengths and challenges with implementation and generating evidence-based feedback</li> <li>○ Three half-day virtual retreats with system and school leaders to formally pull up on progress and troubleshoot challenges through the synthesis of coaching, participant feedback, and school walkthrough data</li> </ul> <p><b>DELIVERABLES</b></p> <ul style="list-style-type: none"> <li>● Introductory training on curriculum for new teachers (district can use in future years)</li> <li>● School-specific theories of action for implementation with progress monitoring protocols</li> <li>● Systems conditions report and recommendations</li> </ul> <p><b>INVESTMENT</b></p> <p>The above activities, which include the dedicated capacity and expertise of a Leading Educators project team as well as operational expenses, total \$30,000 per school for one content area (e.g. ELA, math, or science). ## Adoption and Initial Implementation Package

Package Description and Services	Pricing Information
<p><b>In-person Leader Workshop:</b> Launching EL Education for Leaders</p> <ul style="list-style-type: none"><li>6 hours, 25 leaders</li></ul> <p>The EL Education curriculum for grades K-8 is designed to support rigorous language and literacy teaching and learning through its deep, intentional design, standards-based alignment, and engaging real-world context. During this workshop, participants will focus on the curriculum design principles, structure, and components through interactive learning experiences. After building awareness and understanding of the curriculum, leaders will build a plan to support curriculum implementation at their schools and districts.</p> <p><b>In-Person Module Launch Workshop:</b> Launching the EL Education K-8 Modules</p> <ul style="list-style-type: none"><li>6 hours, 25 teachers and leaders</li></ul> <p>In this In-Person workshop, educators develop an understanding of the EL Curriculum design and approach to literacy instruction. They define how modules are structured and how this supports students' literacy development. Educators also work to understand the specific components of each lesson and how they build over time to ensure success. By experiencing different components of the curriculum, educators develop and internalize how lessons are structured, and have time to plan for intentional instruction.</p> <p><b>In-Person Skills Launch Workshop:</b> Launching the EL Education Skills Block</p> <ul style="list-style-type: none"><li>6 hours, 25 teachers and leaders</li></ul> <p>During this workshop, participants define the Skills Block's structure and how it supports systematic phonics development. They also understand the specific components of each lesson and how they are differentiated to ensure success over time. By experiencing different components of Skills Block, participants develop and internalize how lessons are structured and have time to plan for intentional and differentiated instruction.</p> <p><b>In-Person Module Planning Workshop:</b> Going Deeper with Strategic Planning for Imagine Learning EL Education</p>	<p>\$28,900 per school</p>

## Modules

- 6 hours 25 teachers and leaders

The EL Education curriculum is robust and complex with many moving parts. As educators gain experience teaching the curriculum, they are better prepared to dig deeper into instructional practices and how to support students through strategic planning. During this workshop, educators engage in concrete activities that develop and deepen their understanding of the components of modules and how to strategically plan for lessons, units, and modules based on assessment data that they bring. This workshop focuses on applying what educators already understand to go deeper into intentional planning and support the success of students.

### **Virtual Workshop for Modules**

- 2 hours, 25 teachers and leaders

A classroom culture built on trust, safety, challenge, and joy is an essential foundation for learning with EL Education. Teachers can explicitly plan to include students in the learning process, creating space for reflection and growth and encouraging perseverance through challenges. In this Module Planning session, participants plan for a culture of grappling and accountable learning that fosters engagement in a lesson.

### **Virtual Workshop for Modules: Leveraging Curriculum Supports for All Learners in Modules**

- 2 hours, 25 teachers and leaders

The EL Curriculum provides support and resources for differentiated instruction, which allows teachers to support students with disabilities and those who may need academic extension. In this workshop, participants build an understanding of how to leverage curriculum resources to engage and support all learners. Participants explore foundational understandings, learner attributes, and approaches and then have an opportunity to plan for an upcoming lesson.

### **1:1 Virtual Coaching: Imagine Learning EL Education Coaching for Leaders**

- 30 min per session, 3-month coaching cycle, 1 district and school leader

BetterLesson instructional coaching is tailored to meet the professional learning needs of schools and districts, focusing on promoting effective teaching practices and enhancing leadership capabilities. Grounded in the principles of action research and job-embedded best practices, our coaching methodology provides a highly personalized and differentiated approach for each leader. This leadership coaching will focus on supporting educators with the implementation of the Imagine Learning EL Education Curriculum.

### **Learning Walks: Learning Walk for Imagine Learning EL Education Curriculum: Modules and/or Skills**

- 6 hours, 5 district and school leaders

BetterLesson believes that school and district leaders are, first and foremost, instructional leaders investing in people and systems to improve learning opportunities and outcomes for students. Our goal is to provide leaders with processes, tools, and support for making organizational change and improving the learning of the EL Education Curriculum. We help build leaders' capacity in instructional leadership through a Learning Walk, a non-evaluative process used by leaders to assess the quality of student learning and effectiveness of the implementation of the Imagine Learning EL Education Curriculum, and then create a plan for addressing

professional learning needs.	
Adoption Phase Learning Walks are typically implemented in the Fall, Winter, and Spring to assess progress and identify patterns and trends of curriculum implementation. District and school leaders can decide to reduce or increase the number of Learning Walks based on need	

## Ongoing Support Package

Package Description and Services	Pricing Information
<p><b>Virtual Workshop for Modules:</b> Using Close Reading and Text-Dependent Questioning</p> <ul style="list-style-type: none"> <li>2 hours, 25 teachers and leaders</li> </ul> <p>Close Reading is a process of careful analytical reading. It involves repeated reading, text-based discussion, and written analysis of a complex text. In this workshop, participants define the characteristics of Close Reading, including text-dependent questioning. They then explore Close Reading examples in lessons and have an opportunity to plan for an upcoming Close Reading lesson.</p> <p><b>Virtual Workshop for Modules:</b> Using Protocols and Routines to Support All Learners</p> <ul style="list-style-type: none"> <li>2 hours, 25 teachers and leaders</li> </ul> <p>Protocols and Routines are an important feature of the EL Curriculum because they are one of the best ways to engage all students in discussion, inquiry, critical thinking, and sophisticated communication. Protocols and Routines consist of agreed-upon, detailed guidelines for reading, recording, discussing, or reporting that ensure equal participation and accountability in learning for all students. In this workshop, participants have an opportunity to understand how Protocols and Routines are used to support all learners, explore Protocols and Routines, and engage in planning for the implementation of a Protocol or Routine in an upcoming lesson.</p> <p><b>Virtual Workshop for Modules:</b> Leveraging Language and Conversation</p> <ul style="list-style-type: none"> <li>2 hours, 25 teachers and leaders</li> </ul> <p>The EL Curriculum is designed to support all students in building language and having opportunities to engage in academic conversations. Language Dives empower students to analyze, understand, and use the language of academic sentences, while Conversation Cues promote productive and equitable conversation. In this workshop, participants will understand the purpose of Language Dives and Conversation Cues, explore curriculum resources, and plan for implementing Language Dives and Conversation Cues in an upcoming unit and lesson.</p> <p><b>Virtual Workshop for Modules:</b> Writing: Rule of Three</p> <ul style="list-style-type: none"> <li>2 hours, 25 teachers and leaders</li> </ul> <p>The EL Curriculum is designed with the principles of Writing for Understanding at its core. The Rule of Three is a</p>	\$28,500 per school

framework that sets students up for success by offering high levels of support at the beginning of a writing experience and then gradually releasing students to successfully write independently. In this Module Planning workshop, participants will define the Rule of Three and explore examples in the curriculum that support students in analyzing a model and writing a practice piece in preparation for independent writing. They will then plan for the Rule of Three in an upcoming unit and lesson.

**Virtual Workshop for Skills Block: Managing and Engaging Students Skills Block**

- 2 hours, 25 teachers and leaders

Skills Block instructional practices were designed intentionally for primary learners by incorporating music, movement, flexibility, and joy into Routines and Protocols. Managing and engaging students through these instructional practices requires organization and purposeful planning. In this workshop, participants will define and explore the embedded resources to manage students in Skills Block. They will then plan for managing and engaging students in upcoming Skills Block lessons.

**1:1 Virtual Coaching: Imagine Learning EL Education Coaching for Leaders - Modules and/or Skills**

- 30 minutes per session, 3 month coaching cycle, 4 district and school leaders

BetterLesson instructional coaching is tailored to meet the professional learning needs of schools and districts, with a focus on promoting effective teaching practices and enhancing leadership capabilities. Grounded in the principles of action research and job-embedded best practices, our coaching methodology provides a highly personalized and differentiated approach for each leader. This leadership coaching will focus on how to support educators with the implementation of the Imagine Learning EL Education Curriculum.

**1:1 Virtual Coaching: Imagine Learning EL Education Coaching for Teachers- Modules and/or Skills**

- 30 minutes per session, 3-month coaching cycle, 5 teachers

BetterLesson instructional coaching is tailored to meet the professional learning needs of schools and districts, with a focus on promoting effective teaching and learning practices. Grounded in the principles of action research and job-embedded best practices, our coaching methodology provides a highly personalized and differentiated approach for each educator. This 1:1 Coaching will focus on supporting educators with the implementation of the Imagine Learning EL Education Curriculum.

**Learning Walks: Learning Walk for Imagine Learning EL Education Curriculum- Modules and/or Skills**

- 6 hours, 5 district and school leaders

BetterLesson believes that school and district leaders are, first and foremost, instructional leaders, investing in people and systems to improve learning opportunities and outcomes for students. Our goal is to provide leaders with processes, tools, and support for making organizational change and improving the learning of the EL Education Curriculum. We can help build leaders' capacity in instructional leadership through a Learning Walk, a non-evaluative process used by leaders to assess the quality of student learning, effectiveness of the implementation of the Imagine Learning EL Education Curriculum, and create a plan for addressing professional learning needs.

Ongoing Support Phase Learning Walks are typically implemented in the Fall and Spring to assess progress and

## Establishing and Sustaining Professional Learning Structures Package

Package Description and Services	Pricing Information
As a result of this package:	\$30,000 per school

- School and system conditions for effective curriculum implementation improve
- Schools reach level 4 of the [Curriculum Implementation Scale](#)
- Leaders develop internal capacity to maintain and improve the professional learning system

#### ACTIVITIES

- **Three co-planning meetings** with system leaders to ensure the summer learning experience aligns with system instructional priorities and addresses unique system context
- **Two-day summer learning experience** with school-based ILTs
  - Understanding effective professional learning and the conditions that enable it
  - Preparing to implement curriculum-specific, job-embedded professional learning in collaborative planning spaces
- **Design of curriculum-specific professional learning** for school-based instructional leaders to deliver to teachers
  - Yearlong adult learning curriculum based on student-facing materials
  - Includes all slide decks, facilitator scripts, and resources for delivering learning in collaborative planning spaces with teachers
- **Monthly school-based coaching** with Instructional Leadership Teams (ILT) at up to 10 schools (alternating in-person and virtual)
  - Planning and preparing to deliver school-based professional learning cycles
  - Internalizing, norming around, and prioritizing implementation indicators
  - Giving effective curriculum- and content-specific feedback
- **Assess system conditions and recommend action steps**
  - Administer Leading Educators' system conditions assessment - which tracks the presence of the conditions needed for effective curriculum implementation and professional learning in schools - at the beginning of the school year and the end of the school year
  - Present a report with the findings from the assessment and recommendations for priority conditions to address along with suggested actions
- **Progress monitoring**
  - **Three school walkthroughs** with a focus on practicing identifying strengths and challenges with implementation and generating evidence-based feedback
  - **Three two-hour virtual strategy** meetings with system and school leaders to formally pull up on progress and troubleshoot challenges through the synthesis of coaching, participant feedback, and school walkthrough data

#### DELIVERABLES

- School-specific theories of action for implementation with progress monitoring protocols
- Systems conditions report and recommendations
- One year's worth of job-embedded, curriculum-specific professional learning materials (slide decks,

facilitator scripts, other resources)	
<b>INVESTMENT</b> The above activities, which include the dedicated capacity and expertise of a Leading Educators project team as well as operational expenses, are a total of <b>\$300,000</b> or <b>\$30,000/per school</b> for the support in one content area (e.g. ELA, math, or science). Additional schools may be added in groups of 10 for maximum cost efficiency and to keep the cost per school the same or even lower than the per school price below, but Leading Educators can provide customized price quotes for varying school numbers. Please note that event expenses such as venue space and participant food are not included and would be an additional cost.

## Adoption and Initial Implementation Package

Package Description and Services	Pricing Information
<p><b>Getting Started</b></p> <p>The Getting Started session is the initial step on a teacher’s journey to a successful first 30 days of Into Literature implementation. In a 6-hour in-person learning day, an HMH instructional coach introduces teachers to Into Literature structure, essential resources, and implementation recommendations. Teachers will also explore Ed, HMH’s teaching and learning platform, and their Teacher Success Pathway on Ed. Additional virtual sessions are available upon request at \$800.</p> <p><b>Teacher Success Pathway</b></p> <p>Additional training and support will be provided on Ed, HMH’s Learning Platform, where teachers can access their Teacher Success Pathway. Based on their grade level and implementation timeline, this guided learning pathway recommends a sequence of live sessions, on-demand interactive media, and videos that will help teachers plan, teach, and assess learning using Into Literature. They can join and rewatch sessions, access shared materials, and download certificates right from their program dashboard. With resources like scaffolded lesson plans for the first two weeks, teachers will have the right tools at their fingertips to make planning achievable from day one.</p> <p><u>Into Literature Teacher Success Pathway Topics:</u></p> <ul style="list-style-type: none"><li>• Inside the Into Literature Classroom</li></ul> <p>Educators are introduced to Into Literature and an interactive classroom, acquainting teachers with key instructional resources to help organize the classroom. A short model lesson demonstrates how the resources come together for instruction.</p> <ul style="list-style-type: none"><li>• Prepare and Plan Your Instruction</li></ul>	<p>\$29,700 per school</p>

Educators learn the structure and how to tailor Into Literature instruction and plans based on implementation needs, explore ways to identify must-haves for lessons, and identify where to prioritize instructional time.

- **Grade Daily Work and Assessments**

Educators will preview the beginning-of-year and formative assessments and discuss which assessments to select depending on the instructional purpose and grading needs. Teachers learn how to edit the online Into Literature assessments to align with instruction and assign to students directly on Ed and interpret reports to make data-driven instructional decisions based on student needs.

### **Teacher's Corner**

HMH will continue to support and engage teachers throughout the school year and adoption via Teacher's Corner on Ed. There teachers will find a searchable library of resources to deepen their learning, including classroom videos, tips and live events from practicing teachers, and additional content and support from HMH's experienced Instructional Coaches. Please visit us at <https://www.hmhco.com/programs/teachers-corner> for a quick video tour.

### **Leader Success Session**

Introduction to Into Literature structure and usage

During this one-hour live online session, leaders learn about the design and resources of their HMH program. To help leaders develop a plan to guide implementation and set up teachers for a successful start, HMH Coaches share tools and best teaching and student learning practices to observe in the classroom. Leaders also preview the Teacher Success Pathways and resources on HMH Ed for ongoing support.

### **Leader's Corner**

Yearlong On-Demand Support and Live Events for Leaders

District and site-based leaders have yearlong access to resources, live events, and guides through Leader's Corner on Ed to help them assist teachers and lead a successful implementation of HMH Into Literature

### **Instructional Coaching**

HMH Coachly is a yearlong coaching subscription (for 3 grade level lead teachers) that provides one-on-one virtual coaching to teachers to build their program expertise, support lesson planning, and discuss data-driven, actionable strategies to grow teacher practice. Designed to maximize learning for both new and veteran educators, Coachly pairs teachers with a dedicated HMH instructional coach who will provide ongoing, personalized support to meet their unique needs. Once logged onto HMH Ed, teachers will be able to schedule unlimited 1-on-1 Coaching sessions, message their coach, share files and resources, and receive timely feedback in a seamless single-platform experience.

<p><b>2 In-person Coaching days</b> are available for teacher and leader support and may be paired with Coachly subscriptions to maximize impact. In-person Coaching days bring an HMH Coach into the classroom to support teachers and leaders in customizable topics such as program implementation, collaborative planning, and actionable strategies to grow instructional practices. Popular in-person Coaching activities include classroom observations, lesson planning, enhancing peer collaboration, and coach modeling.</p> <p>HMH Coaching is grounded in the Coaching Framework, a taxonomy of instructional best practices that are proven to impact student achievement. The framework grounds the work of all HMH Coaching partnerships and is structured as such:</p> <ul style="list-style-type: none"> <li>• Instructional Domains frame the high-level work of educators</li> <li>• Instructional Topics under each domain offer a category of actions for teachers and leaders to focus on</li> <li>• Teacher Practices under each Instructional Topic offer evidence-based goals for each coaching cycle</li> <li>• Actionable Strategies under each Teacher Practice provide bite-sized ideas for teachers to try</li> <li>• Popular Instructional Topics include planning and pacing, classroom management, student data and assessments, and learning differentiation.</li> </ul> <p><b><i>*Additional Coachly Licenses are available for \$1500 per license and in-person coaching days may be purchased for \$4200 per 6-hour coaching day.</i></b></p> <p><b>Courses</b> Program-Aligned Topical Learning (3 course sessions)</p> <p>Designed to deepen teacher expertise in both program and instructional practice, HMH Program-Aligned Courses guide topical learning, resource modeling, and application of professional learning in the classroom. In a six-hour course day, an HMH coach guides up to two teacher groups of 35 participants in three hours of topical learning followed by guided planning time.</p> <p><b>Available sessions include:</b>  <i>Facilitating Generative Writing for Planning</i>  <i>Drafting with Mentors and Models</i>  <i>Purposeful Feedback and Revision</i></p> <p><i>*This professional learning package is designed to support 35 teachers.</i></p>

The framework grounds the work of all HMH Coaching partnerships and is structured as such:</p>	<p>\$29,700 per school</p>

- Instructional Domains frame the high-level work of educators
- Instructional Topics under each domain offer a category of actions for teachers and leaders to focus on
- Teacher Practices under each Instructional Topic offer evidence-based goals for each coaching cycle
- Actionable Strategies under each Teacher Practice provide bite-sized ideas for teachers to try
- Popular Instructional Topics include planning and pacing, classroom management, student data and assessments, and learning differentiation.

***\*Additional Coachly Licenses are available for \$1500 per license and in-person coaching days may be purchased for \$4200 per 6-hour coaching day.***

### **Courses**

Program-Aligned Topical Learning (3 course sessions)

Designed to deepen teacher expertise in both program and instructional practice, HMH Program-Aligned Courses guide topical learning, resource modeling, and application of professional learning in the classroom. In a six-hour course day, an HMH coach guides up to two teacher groups of 35 participants in three hours of topical learning followed by guided planning time.

HMH program-aligned courses are currently available Into Literature.

Available sessions include:

*Facilitating Generative Writing for Planning*

*Drafting with Mentors and Models*

*Purposeful Feedback and Revision*

***\*Additional sessions available for \$4,200.***

### **Teacher Success Pathway**

Additional training and support will be provided on Ed, HMH's Learning Platform, where teachers can access their Teacher Success Pathway. Based on their grade level and implementation timeline, this guided learning pathway recommends a sequence of live sessions, on-demand interactive media, and videos that will help teachers plan, teach, and assess learning using their HMH program. They can join and rewatch sessions, access shared materials, and download certificates right from their program dashboard. With resources like scaffolded lesson plans for the first two weeks, teachers will have the right tools at their fingertips to make planning achievable from day one.

### **Teacher's Corner**

HMH will continue to support and engage teachers throughout the school year and adoption via Teacher's Corner on Ed. There teachers will find a searchable library of resources to deepen their learning, including classroom videos, tips and live events from practicing teachers, and additional content and support from HMH's experienced Instructional Coaches. Please visit us at <https://www.hmhco.com/programs/teachers-corner> for a quick video tour.

**Leader's Corner**

Yearlong On-Demand Support and Live Events for Leaders

District and site-based leaders have yearlong access to resources, live events, and guides through Leader's Corner on Ed to help them assist teachers and lead a successful implementation of HMH Into Literature.

*\*This professional learning package is designed to support 35 teachers.*

\*Cost may incur additional fees if more than said number of participants

## Adoption and Initial Implementation Package

Package Description and Services	Pricing Information
<p><b>Getting Started</b></p> <p>The Getting Started session is the initial step on a teacher’s journey to a successful first 30 days of Into Reading implementation. In a 6-hour in-person learning day, an HMH instructional coach introduces teachers to Into Reading’s structure, essential resources, and implementation recommendations. Teachers will also explore Ed, HMH’s teaching and learning platform, and their Teacher Success Pathway on Ed. Additional virtual sessions available upon request at \$800.</p> <p><b>Teacher Success Pathway</b></p> <p>Additional training and support will be provided on Ed, HMH’s Learning Platform, where teachers can access their Teacher Success Pathway. Based on their grade level and implementation timeline, this guided learning pathway recommends a sequence of live sessions, on-demand interactive media, and videos that will help teachers plan, teach, and assess learning using HMH Into Reading. They can join and rewatch sessions, access shared materials, and download certificates right from their program dashboard. With resources like scaffolded lesson plans for the first two weeks, teachers will have the right tools at their fingertips to make planning achievable from day one.</p> <p><u>Into Reading Teacher Success Pathway Topics</u></p> <ul style="list-style-type: none"><li>• <b>Inside the Into Reading Classroom</b></li></ul> <p>Educators are introduced to Into Reading and an interactive classroom, acquainting teachers with key instructional resources to help organize the classroom. A short model lesson demonstrates how the resources come together for instruction.</p> <ul style="list-style-type: none"><li>• <b>Prepare for Your First Two Weeks</b></li></ul> <p>Educators review the first two weeks of instruction with Into Reading, observe ways to navigate and utilize Ed, and use the lessons in their Teacher Edition to locate and organize program resources.</p>	<p>\$29,700 per school</p> <p>(Package designed to support a group of 35 teachers.)</p>

- **Prioritize, Pace, and Plan Your Instruction**

Educators learn to tailor Into Reading instruction and plans based on implementation needs, explore ways to identify must-haves for lessons and identify where to prioritize instructional time.

- **Assess to Monitor and Differentiate**

Educators will preview beginning-of-year and formative assessments and discuss which assessments to select based on instructional purpose. They will learn how to edit the online Into Reading assessments, interpret reports and analyze student data points, and access resources to differentiate instruction to support and extend learning.

### **Teacher's Corner**

HMH will continue to support and engage teachers throughout the school year and adoption via Teacher's Corner on Ed. There teachers will find a searchable library of resources to deepen their learning, including classroom videos, tips and live events from practicing teachers, and additional content and support from HMH's experienced Instructional Coaches. Please visit us at <https://www.hmhco.com/programs/teachers-corner> for a quick video tour.

### **Leader Success Session**

Introduction to Into Reading structure and usage

During this one-hour live online session, leaders learn about the design and resources of Into Reading. To help leaders develop a plan to guide implementation and set up teachers for a successful start, HMH Coaches share tools and best teaching and student learning practices to observe in the classroom. Leaders also preview the Teacher Success Pathways and resources on HMH Ed for ongoing support.

### **Leader's Corner**

Yearlong On-Demand Support and Live Events for Leaders

District and site-based leaders have yearlong access to resources, live events, and guides through Leader's Corner on Ed to help them assist teachers and lead a successful implementation of Into Reading.

### **Instructional Coaching**

HMH Coachly is a yearlong coaching subscription that provides one-on-one virtual coaching to teachers to build their program expertise, support lesson planning, and discuss data-driven, actionable strategies to grow teacher practice. Designed to maximize learning for both new and veteran educators, Coachly pairs teachers with a dedicated HMH instructional coach who will provide ongoing, personalized support to meet their unique needs. Once logged onto HMH Ed, teachers will be able to schedule unlimited 1-on-1 Coaching sessions, message their coach, share files and resources, and receive timely feedback in a seamless single-platform experience.  
(Subscription for 3 Grade Level Lead Teachers)

**In-person Coaching days (two days)** are available for teacher and leader support and may be paired Coachly subscriptions to maximize impact. In-person Coaching days bring an HMH Coach into the classroom to support teachers and leaders in customizable topics such as program implementation, collaborative planning, and actionable strategies to grow instructional practices. Popular in-person Coaching activities include classroom observations, lesson planning, enhancing peer collaboration, and coach modeling.

HMH Coaching is grounded in the Coaching Framework, a taxonomy of instructional best practices that are proven to impact student achievement. The framework grounds the work of all HMH Coaching partnerships and is structured as such:

- Instructional Domains frame the high-level work of educators
- Instructional Topics under each domain offer a category of actions for teachers and leaders to focus on
- Teacher Practices under each Instructional Topic offer evidence-based goals for each coaching cycle
- Actionable Strategies under each Teacher Practice provide bite-sized ideas for teachers to try
- Popular Instructional Topics include planning and pacing, classroom management, student data and assessments, and learning differentiation.

***\*Additional Coachly Licenses are available for \$1500 per license and in-person coaching days may be purchased for \$4200 per 6-hour coaching day.***

#### **Courses (three-course sessions)**

Program-Aligned Topical Learning: Designed to deepen teacher expertise in both program and instructional practice, HMH Program-Aligned Courses guide topical learnings, resource modeling, and application of professional learning in the classroom. In a six-hour course day, an HMH coach guides up to two teacher groups of 35 participants in three hours of topical learning followed by guided planning time.

HMH program-aligned courses are currently available Into Reading K-2. Available sessions include:

- Teaching Phonemic Awareness and Fluency
- Building knowledge, Vocabulary, and Language
- Deepening Reading Comprehension
- Connecting Reading to Purposeful Writing
- Launching Prewriting and Drafting with the Focal Text
- Revising and Editing to Create a Published Piece
- Scribbles to Stories: Supporting Kindergarten Writing

***\*Additional sessions available for \$4,200.***

\*Additional costs may incur to include more than 35 participants.

Additional training and support will be provided on Ed, HMH's Learning Platform, where teachers can access their Teacher Success Pathway. Based on their grade level and implementation timeline, this guided learning pathway recommends a sequence of live sessions, on-demand interactive media, and videos that will help teachers plan, teach, and assess learning using HMH Into Reading. They can join and rewatch sessions, access shared materials, and download certificates right from their program dashboard. With resources like scaffolded lesson plans for the first two weeks, teachers will have the right tools at their fingertips to make planning achievable from day one.

### Into Reading Teacher Success Topics

- Inside the Into Reading Classroom

Educators are introduced to Into Reading and an interactive classroom, acquainting teachers with key instructional resources to help organize the classroom. A short model lesson demonstrates how the resources come together for instruction.

- Prepare for Your First Two Weeks

Educators review the first two weeks of instruction with Into Reading, observe ways to navigate and utilize Ed, and use the lessons in their Teacher Edition to locate and organize program resources.

- Prioritize, Pace, and Plan Your Instruction

Educators learn to tailor Into Reading instruction and plans based on implementation needs, explore ways to identify must-haves for lessons and identify where to prioritize instructional time.

<ul style="list-style-type: none"> <li>Assess to Monitor and Differentiate</li> </ul> <p>Educators will preview beginning-of-year and formative assessments and discuss which assessments to select based on instructional purpose. ### High-Quality Professional Learning Packages

\*If implementing Louisiana's ELA Guidebooks 3-5 (2022), it is recommended and strongly encouraged that systems select a package from The Writing Revolution (TWR) to accompany a package from another approved professional learning partner. The Writing Revolution is the only professional learning provider authorized to provide professional learning on the TWR strategies embedded within this version of the curriculum. This combined professional learning will ensure that educators receive comprehensive professional learning that addresses the full depth and breadth of all components of the curricular materials.

## Adoption and Initial Implementation Package

Package Description and Services	Pricing Information
<p>TWR ELA Guidebooks 3-5 (2022) Workshop</p> <p>Description: This asynchronous workshop prepares educators to teach the TWR writing strategies as they appear in the revised ELA Guidebook 3-5 (2022) units.</p> <p>To support district and school leaders, sample professional development scheduling options are provided. Additionally, district and school leaders can utilize the provided facilitator’s guide which offers detailed suggestions to prepare for the training and maximize learning during all aspects of the interactive workshop.</p> <p>Duration: 6 hours</p> <p>Format: The workshop, accessible on Teach:able, is divided into modules that contain a mixture of instructional videos, classroom “in action” videos, and interactive activities, including quizzes and try-its. Also included are culminating activities that offer educators an opportunity to apply their learning to grade-level specific ELA Guidebooks 3-5 (2022) content.</p>	<p>\$250 per educator</p> <p><i>10% discount for 2+ educators</i></p> <p><i>20% discount for 10+ educators</i></p>

## Ongoing Support Package

Package Description and Services	Pricing Information
<p>TWR Implementation Status Visit</p> <p>Description: This service is available for districts. Districts that have already participated in training can request a TWR Implementation Status Visit to evaluate the progress of TWR implementation and identify areas requiring further support. Successful TWR implementation ensures that every teacher is trained and supported to use the same approach to writing instruction as it is embedded in the ELA Guidebooks 3-5 (2022). This leads to consistency in teaching practices, enhanced collaboration, and improved student outcomes across the entire school and district.</p> <p>Through multiple touchpoints, TWR engages with school and district personnel and compiles observations from classroom visits and a review of materials to provide a comprehensive assessment of the current status of TWR implementation in the district. TWR collaborates with the district leadership team by reflecting on observations, sharing insights, and offering actionable suggestions to build teacher and leadership capacity to enhance TWR implementation.</p> <p>Duration: full-day</p> <p>Format: Pre-visit meeting, on-site school visit, post-visit meeting, TWR feedback survey</p>	<p>\$3,500 per full-day, in-person visit</p>

## Establishing and Sustaining Professional Learning Structures Package

Package Description and Services	Pricing Information
<p>TWR Implementation Status Visit</p> <p>Description: A continuation of the service offered at years two and three of implementation, the service for implementation for four years and beyond is more customized to districts' needs. Districts can request a TWR Implementation Status Visit to evaluate progress with implementing the ELA Guidebooks 3-5 (2022) and identify areas requiring further support with TWR. This service is designed to support districts in building school-based capacity and self-evaluating implementation successes and challenges. Additionally, TWR emphasizes data-informed goal setting to ensure positive student outcomes are consistently reached.</p>	<p>\$3,500 per full-day, in-person visit</p>

Duration: full-day

Format: Pre-visit meeting, on-site school visit, post-visit meeting, TWR feedback survey

\*Cost may incur additional fees if more than said number of participants

Package Description and Services	Pricing Information
<p>ELA Guidebook Workshops provide supported lesson design and planning with a focus on topics ranging from Guidebooks and associated resources to text-dependent questions, vocabulary, writing, and differentiation. Workshops prioritize equipping teachers to help every student achieve proficiency at grade level or above.</p> <p><b>Familiarization with the curriculum components and structure:</b> pacing, unpacking, lesson planning, assessment/data literacy</p> <p><b>Teacher and Leader Coaching:</b> familiarization with the curriculum components and structure, walk-through and observation look-fors, action planning, side-by-side coaching and feedback cycles based on curricular essentials, leader check-ins, ongoing support, students with disabilities supports, English Learners supports</p> <p><b>ELA Guidebooks Professional Learning: Workshops</b></p> <ul style="list-style-type: none"><li>• <b>Introduction to ELA Guidebooks</b><ul style="list-style-type: none"><li>○ In this workshop, teachers will learn to navigate the ELA Guidebooks platform and explore the Standards-based backward design model organized around a collection of texts. Teachers will engage in a model lesson, investigate ELA Guidebooks components and resources, and explore high-leverage strategies that may be used to drive instructional improvements. Guided lesson planning is included in this workshop.</li></ul></li><li>• <b>Every Student, Every Day</b></li></ul>	<p><u>5-Session Packages:</u></p> <p>Virtual professional learning (per school, 25 participants max): \$12,000</p> <p>In-person professional learning (per school, 25 participants max): \$18,500</p>

<ul style="list-style-type: none"> <li>○ The goal of the ELA Guidebooks units is to ensure that all students read, understand, and express their understanding of complex grade-level texts. In this workshop, teachers will investigate additional resources and tools within the ELA Guidebooks platform to plan lessons with embedded differentiation for multi-lingual learners and students with special needs. Additional exploration of high-leverage teacher strategies and guided lesson planning are included in this workshop.</li> <li>● <b>ELA Guidebooks &amp; Writing</b> <ul style="list-style-type: none"> <li>○ Effective writing instruction requires a deep understanding of the grade-level expectations for each writing genre: informational, narrative, and argument. In this workshop, teachers will use the ELA Guidebooks to deepen their understanding of these genres, examine writing tasks and rubrics as tools for instruction and assessment, and annotate lessons for appropriate support as identified through assessment protocol.</li> </ul> </li> <li>● <b>ELA Guidebooks &amp; Vocabulary</b> <ul style="list-style-type: none"> <li>○ The amount and sophistication of academic vocabulary found in complex texts can present a challenge to readers. In this workshop, teachers will explore the tiers of vocabulary and the relationship between vocabulary and text complexity. Guided lesson planning will provide an opportunity for teachers to bring best practices in vocabulary instruction to their ELA Guidebooks instruction.</li> </ul> </li> <li>● <b>ELA Guidebooks &amp; Text-Dependent Questions</b> <ul style="list-style-type: none"> <li>○ Text-dependent questions are a powerful tool to scaffold complex text and to challenge, engage, and support students. In this workshop, teachers will learn to design text-dependent questions, explore four cognitive pathways and their impact on student thinking, and design scaffolded questions aligned to ELA Guidebooks– lesson look-fors that support all learners.</li> </ul> </li> </ul>

## Adoption and Initial Implementation Package

Package Description and Services	Pricing Information
<p><b>In-Person Launch Workshop:</b> Launching Louisiana's ELA Guidebooks (6 hours, 25 teachers and leaders)</p> <p>This workshop is designed to serve as your learning community's introduction to the Guidebooks ELA Curriculum. Participants will have the opportunity to dive into the curriculum from both a teacher and student perspective. The group will work together to develop comfort with the design and structure of curricular resources, and confidence in planning effectively.</p> <p><b>In-Person Planning Workshop:</b> Going Deeper Strategic Planning for Louisiana's ELA Guidebooks (6 hours, 25 teachers and leaders)</p> <p>As educators gain experience teaching the Guidebooks Curriculum, they are better prepared to dig deeper into instructional practices and how to support the needs of all students by strategically planning for instruction. During this workshop, educators engage in concrete activities that develop and deepen their understanding of how to strategically plan for Guidebooks lessons based on assessment data. This workshop will focus on applying what educators already understand and go deeper into intentional planning and support the success of students.</p> <p><b>1:1 Virtual Coaching:</b> Louisiana's ELA Guidebooks (30-minute sessions - 3-month coaching cycle, 5 district and school leaders)</p> <p>BetterLesson instructional coaching is tailored to meet the professional learning needs of schools and districts, with a focus on promoting effective teaching practices and enhancing leadership capabilities. Grounded in the principles of action research and job-embedded best practices, our coaching methodology provides a highly</p>	<p>\$24,700 per school</p>

<p>personalized and differentiated approach for each participant, including alignment with the needs of Louisiana’s ELA Guidebooks.</p> <p><b>Learning Walks:</b> Louisiana’s ELA Guidebooks (6 hours, 5 district and school leaders)          BetterLesson believes that school and district leaders are, first and foremost, instructional leaders investing in people and systems to improve learning opportunities and outcomes for students. Our goal is to provide leaders with processes, tools, and support for making organizational change and improving learning of Louisiana’s ELA Guidebooks. We can help build leaders’ capacity in instructional leadership through a Learning Walk, a non-evaluative process used by leaders to assess the quality of student learning and the effectiveness of the implementation of Louisiana’s ELA Guidebooks and create a plan for addressing professional learning needs. Adoption Phase Learning Walks are typically implemented in the Fall, Winter, and Spring to assess progress and identify patterns and trends of curriculum implementation. District and school leaders can decide to reduce or increase the number of Learning Walks based on need.</p>

## Adoption and Initial Implementation Package

Package Description and Services	Pricing Information
<p><b>Executive Planning with district leaders (administrators, curriculum leads, etc.)</b></p> <p><b>Overview:</b> The kickoff to implementing McGraw Hill's Wonders starts with an Executive Planning Meeting. This meeting provides an opportunity for the McGraw Hill team to collaborate with district leadership to plan and address specific instructional objectives. (Can be virtual or in person and will last between 45-90 minutes)</p> <ul style="list-style-type: none"><li>• Discuss and outline district goals</li><li>• Plan specific session agendas to best facilitate district professional learning sessions</li></ul> <p><b>Program Implementation – Virtual or On-Site</b></p> <ul style="list-style-type: none"><li>• Two 90-minute virtual sessions or a combined three-hour on-site session<ul style="list-style-type: none"><li>◦ Sessions organized by grade bands: K-1, 2-5, or K-5</li><li>◦ Grade-level specific sessions are offered based on availability</li></ul></li><li>• <b>Goal:</b> To ensure teachers gain the knowledge and skills necessary to begin using McGraw Hill's Wonders immediately in their classrooms, including a comprehensive understanding of both print and digital features.</li><li>• <b>Outcomes:</b> By the end of the session, participants will be able to:<ul style="list-style-type: none"><li>◦ Navigate print and digital resources</li><li>◦ Understand lesson structure and planning options</li><li>◦ Apply differentiated instruction options within the core program</li><li>◦ Administer progress monitoring and assessment options</li></ul></li></ul> <p><b>Wonders 101 Implementation Training</b> (teachers and leaders)</p> <ul style="list-style-type: none"><li>• One 90-minute session</li></ul>	<p>\$10,500 per cadre (cadre can have up to 35 participants)</p>

- Introduction to the pedagogical foundations of Wonders through purposeful navigation of print and digital resources.
- Participants will explore instructional resources at unit and lesson levels, engage with tiered resources for differentiation, introduction to digital resources.
- **Goal:** Equip teachers with the knowledge and skills to begin using the resources immediately in their classroom.

#### **Wonders 102 Implementation Training** (teachers and leaders)

- One 90-minute session (Prerequisite: Wonders 101 Implementation Training)
- Continuation from Wonders 101, a deeper dive into digital resources and assessments.
- Participants will explore formative and summative assessments and integration of digital resources for data-driven instructional decisions.
- **Goal:** Enable teachers to efficiently integrate Wonders' digital resources and make impactful instructional decisions.

#### **Instructional Coach Capacity-Building Training – Virtual or On-Site** (3-6 hours)

- Build instructional capacity through District/Campus Instructional Coaches to ensure implementation fidelity and teacher success.
- **Activities:**
  - Participate in Wonders 101 and 102 Implementation Training
  - Support classroom teachers with lesson structure/pathways and planning
  - Topics include program overview, assessment, data reporting, professional development resources, and supporting teachers during teacher collaboration

#### **Administrator Training – Virtual** (45-90 minutes)

- **Objective:** Build a high-level understanding of Wonders for administrators, focusing on key program elements for successful implementation.
- **Activities:**
  - Overview of data and reporting tools generated through student assessment
  - Understand key elements for successful implementation
- **Outcomes:** Participants will understand:
  - Wonders' structure and pedagogy
  - Key elements to ensure successful implementation
  - Data and reporting generated by student assessments

#### **Mid-Year & End-of-Year Meetings** (1 mid-year and 1 end-of-year meeting)

- **Objective:** Determine the impact of core instructional resources and define further professional development needs

<ul style="list-style-type: none"> <li>• <b>Activities:</b> <ul style="list-style-type: none"> <li>○ Meetings between McGraw Hill and district leadership</li> <li>○ Explore the need for supplemental materials to support targeted student populations</li> </ul> </li> </ul> <p><b>Scheduling Parameters</b></p> <p><b>On-Site Professional Learning Guidelines</b></p> <ul style="list-style-type: none"> <li>• Minimum of 18 participants must be registered and confirmed 10 business days before the training date, or the session will be conducted virtually</li> <li>• Multiple on-site sessions must be scheduled on consecutive days with morning and afternoon sessions</li> <li>• The recommended ratio of teachers to trainer is 35:1, with flexibility based on district needs</li> <li>• No facilitation of teacher planning time post-training</li> </ul> <p><b>Virtual Professional Learning Guidelines</b></p> <ul style="list-style-type: none"> <li>• Sessions scheduled for less than two hours will be virtual</li> <li>• Minimum of 10 registered participants for virtual training</li> <li>• Districts must set up webinar links and send them to the Sales Rep</li> </ul> <p><i>*Cost includes 3 onsite sessions for a cadre of up to 35 participants</i></p>

## Ongoing Support Package

Package Description and Services	Pricing Information
<p><b>Objectives</b></p> <ul style="list-style-type: none"> <li>• Sustain and enhance the implementation of McGraw Hill's Wonders.</li> <li>• Improve instructional practices through continuous learning and data-informed instruction.</li> <li>• Address unfinished learning and provide additional curricular support.</li> <li>• Enhance teacher collaboration and provide essential support for new teachers and leaders.</li> <li>• Offer comprehensive coaching and feedback for both teachers and leaders.</li> </ul> <p><b>Topics that may be collaboratively designed with district leaders:</b>  <i>Recommendation of at least 3 topics selected by the district align with district initiatives.</i></p> <p><b>Continuous Learning and Improvement for Educators</b></p>	<p>\$15,000 per cadre</p>

- **Strategic Data-Informed Instruction**
  - Utilize student performance data to inform and tailor instruction.
  - Conduct regular data analysis sessions to identify areas for improvement and celebrate successes.
- **Addressing Unfinished Learning**
  - Implement targeted interventions and support for students with unfinished learning.
  - Use formative assessments to continuously monitor student progress and adjust instruction accordingly.
- **Additional Curricular Supports**
  - Provide supplemental resources and materials to support diverse learners.
  - Offer professional development sessions focused on integrating additional curricular supports into daily instruction.
- **Enhancing Teacher Collaboration**
  - Facilitate regular collaborative planning sessions.
  - Encourage the sharing of best practices and strategies among teachers.
- **Support in Curriculum Implementation Essentials for New Teachers/Leaders**
  - Offer onboarding sessions for new teachers and leaders to familiarize them with the curriculum.
  - Provide ongoing support and mentorship to ensure successful integration into the school system.

#### **Teacher and Leader Coaching**

- **Familiarization with Curriculum Components and Structure**
  - Conduct workshops and training sessions to deepen understanding of the curriculum components.
  - Provide comprehensive guides and resources to support curriculum implementation.
- **Walkthroughs and Observation Look Fors**
  - Develop a checklist of key elements to observe during classroom walkthroughs.
- **Action Planning (Both Long and Short-Term)**
  - Assist educators in creating both long-term and short-term action plans aligned with curriculum goals.
  - Review and adjust action plans regularly based on student performance and instructional needs.
- **Leader Check-Ins**
  - Schedule regular check-ins with school and system leaders to monitor implementation progress.
  - Provide leaders with data and insights to support decision-making and continuous improvement.

*Cost includes 3 onsite sessions for a cadre of up to 35 participants + 3 virtual leader check-ins. Additional topics are available to add. Each topic would be \$3500/cadre.*

- Reading Assistant (if applicable)

### **S.P.I.R.E. Foundations: Sounds Sensible® Virtual Initial Implementation Training**

(2) sequential, 90-minute modules

- Module 1:
  - Characteristics of Nonreaders
  - Exploring the Sounds Sensible Kit
  - The Five Steps Lesson
  - The Importance of Phonological Awareness Instruction
  - Thumbs Up for Rhyme Strategy
  - Sound Production
- Module 2:
  - Sounds Sensible Model Lesson
  - In-depth Look at the Five-Step Lesson
  - Review Reinforcing Lesson
  - Assessments

### **S.P.I.R.E. Refresher Virtual Session: 90-minute session**

- A virtual review of the five-step lesson format and the strategies represented in S.P.I.R.E. Foundations: Sounds Sensible lessons. Review discussion of placement, pacing, and how to organize materials. Progress monitoring is discussed in more detail. Teachers are encouraged to ask questions and share best practices.

### **S.P.I.R.E. Administrative Virtual Overview Webinar: 45-60 minute session for leaders**

- Critical to the success and sustainability of any new program implementation is the district vision and plan of support for struggling readers. It's important to give administrators the information they need to support the teachers and the instructional integrity of the program. An important first step of this process is to invite you to an overview presentation of S.P.I.R.E. The District Admins are the stewards and understand the connections between effective teacher professional development, and student achievement and provide support to ensure teachers are prepared to teach all students how to read. Please join us for a brief walk-through:
  - Implement a SPIRE 10-step lesson
  - SPIRE Fidelity Checklist – collaborate with your teachers
  - Make data-based decisions

## Adoption and Initial Implementation Package

Package Description and Services	Pricing Information
<p><b>Getting Started</b></p> <p>The Getting Started session is the initial step on a teacher’s journey to a successful first 30 days of Into Math implementation. In a 6-hour in-person learning day, an HMH instructional coach introduces teachers to Into Math structure, essential resources, and implementation recommendations. Teachers will also explore Ed, HMH’s teaching and learning platform, and their Teacher Success Pathway on Ed. Additional virtual sessions available upon request at \$800.</p> <p><b>Teacher Success Pathway</b></p> <p>Additional training and support will be provided on Ed, HMH’s Learning Platform, where teachers can access their Teacher Success Pathway. Based on their grade level and implementation timeline, this guided learning pathway recommends a sequence of live sessions, on-demand interactive media, and videos that will help teachers plan, teach, and assess learning using HMH Into Math. They can join and rewatch sessions, access shared materials, and download certificates right from their program dashboard. With resources like scaffolded lesson plans for the first two weeks, teachers will have the right tools at their fingertips to make planning achievable from day one.</p> <p>Into Math Teacher Success Pathway Topics:</p> <ul style="list-style-type: none"><li>• Inside the Into Math Classroom: Educators are introduced to Into Math and an interactive classroom, acquainting teachers with key instructional resources to help organize the classroom. A short model</li></ul>	<p>\$29,700 per school</p> <p>(Package designed to support a group of 35 teachers.)</p>

lesson demonstrates how the resources come together for instruction.

- Prepare for Your First Two Weeks: Educators review the first two weeks of instruction with Into Math, observe ways to navigate and utilize Ed, and use the lessons in their Teacher Edition to locate and organize program resources.
- Differentiate with Small Groups and Centers: Educators will learn to tailor instruction and plans based on students' needs and explore ways to identify must-haves in lessons and where to prioritize instruction time.
- Inform Instruction with Assessments and Data: Educators will preview assessments from the student and teacher perspective, learn how to use key reports to select targeted resources, and how to edit online assessments to align with instruction and assign students on Ed.

### **Teacher's Corner**

HMH will continue to support and engage teachers throughout the school year and adoption via Teacher's Corner on Ed. There teachers will find a searchable library of resources to deepen their learning, including classroom videos, tips and live events from practicing teachers, and additional content and support from HMH's experienced Instructional Coaches. Please visit us at <https://www.hmhco.com/programs/teachers-corner> for a quick video tour.

### **Leader Success Session**

Introduction to Into Math Structure and Usage: During this one -hour live online session, leaders learn about the design and resources of HMH Into Math . To help leaders develop a plan to guide implementation and set up teachers for a successful start, HMH Coaches share tools and best teaching and student learning practices to observe in the classroom. Leaders also preview the Teacher Success Pathways and resources on HMH Ed for ongoing support.

### **Leader's Corner**

Yearlong On-Demand Support and Live Events for Leaders: District and site -based leaders have yearlong access to resources, live events, and guides through Leader's Corner on Ed to help them assist teachers and lead a successful implementation of Into Math.

### **Instructional Coaching**

HMH Coachly is a yearlong coaching subscription that provides one-on-one virtual coaching to teachers to build their program expertise, support lesson planning, and discuss data -driven, actionable strategies to grow teacher practice. Designed to maximize learning for both new and veteran educators, Coachly pairs teachers with a dedicated HMH instructional coach who will provide ongoing, personalized support to meet their unique needs. Once logged onto HMH Ed, teachers will be able to schedule unlimited one-on-one coaching sessions,

message their coach, share files and resources, and receive timely feedback in a seamless single-platform experience. (Subscription for 3 Grade Level Lead Teachers)

**In-person Coaching days (two days)** are available for teacher and leader support and may be paired Coachly subscriptions to maximize impact. In-person Coaching days bring an HMH Coach into the classroom to support teachers and leaders in customizable topics such as program implementation, collaborative planning, and actionable strategies to grow instructional practices. Popular in-person Coaching activities include classroom observations, lesson planning, enhancing peer collaboration, and coach modeling.

HMH Coaching is grounded in the Coaching Framework, a taxonomy of instructional best practices that are proven to impact student achievement. The framework grounds the work of all HMH Coaching partnerships and is structured as such:

- Instructional Domains frame the high-level work of educators
- Instructional Topics under each domain offer a category of actions for teachers and leaders to focus on
- Teacher Practices under each Instructional Topic offer evidence-based goals for each coaching cycle
- Actionable Strategies under each Teacher Practice provide bite-sized ideas for teachers to try
- Popular Instructional Topics include planning and pacing, classroom management, student data and assessments, and learning differentiation.

*\*Additional Coachly Licenses are available for \$1500 per license and in-person coaching days may be purchased for \$4200 per 6-hour coaching day.*

### **Courses (three course sessions)**

Program-Aligned Topical Learning: Designed to deepen teacher expertise both program and instructional practice, HMH Program-Aligned Courses guide topical learnings, resource modeling, and application of professional learning in the classroom. In a six-hour course day, an HMH coach guides up to two teacher groups of 35 participants in three hours of topical learning followed by guided planning time.

### **Available sessions include:**

- Cultivate Reasoning and Discourse Through Your Mathematical Learning Community
- Use Mathematical Language to Deepen Students' Reasoning Skills
- Construct Meaning and Communicate Using Mathematical Tools and Representations

*\*Additional sessions available for \$4,200*

*\*Additional costs may incur to include more than 35 participants.*

## Adoption and Initial Implementation Package

Package Description and Services	Pricing Information
<p><b>In-Person Launch Workshop:</b> Launching IM for Leaders (6 hours) Shifting from a traditional, teacher-led math curriculum to an updated, student-led math class is an initiative that can be challenging. This active, engaging workshop will provide leaders with a foundational understanding of what makes the IM Math curriculum unique, as well as a space to think through the change management required by this shift. Over the day, each leader will use design thinking to map out their plans to support the success of the curriculum.</p> <p><b>In-Person Launch Workshop:</b> Launching IM K-5 Math (6 hours, 25 Teachers and Leaders) This workshop is designed to serve as your learning community's introduction to the IM Math K-5 Curriculum. Participants will have the opportunity to dive into the curriculum from a student perspective and use this experience to explore how the curriculum is designed for a problem-based approach to math instruction. The group will work together to develop comfort with the design and structure of curricular resources, and confidence in planning effectively.</p> <p><b>In-Person Planning Workshop:</b> Designing Strategic Unit and Lesson Plans (6 hours, 25 teachers and Leaders) IM Math K-5 units are designed to tell a mathematical story that helps students explore concepts and develop number sense over time. To bring this to life, teachers need to understand the learning progression of a unit and how the lessons are sequenced to help students build fluency. In this workshop, teachers will have the opportunity to collaboratively plan an upcoming unit and lesson.</p> <p><b>Virtual Workshop:</b> Using Instructional Routines to Support All Learners (2 hours, 25 Teachers and Leaders) The IM Math K-5 curriculum materials are designed to support each student to take risks, engage in mathematical</p>	<p>\$29,450 per school</p>

discourse, and productively struggle through problems. There are 20 math routines consistently embedded in lesson materials that can provide a scaffold to help any student engage with and make sense of the core ideas. In this 2-hour virtual workshop, participants will explore and plan for the embedded instructional routines that help all students be successful and enjoy grade-level math content without a separate intervention block.

**Virtual Workshop: Using Centers to Build Fluency (2 hours, 25 Teachers and Leaders)**

In this interactive virtual workshop, participants will define the different approaches to developing numeric fluency and how centers can support the goal. Participants will focus on classroom management of centers, including time, materials management, and monitoring student progress.

**1:1 Virtual Coaching: IM K-5 Coaching for Leaders (30 minutes each session, 5 District and School Leaders)**

BetterLesson instructional coaching is tailored to meet the professional learning needs of schools and districts, with a focus on promoting effective teaching practices and enhancing leadership capabilities. Grounded in the principles of action research and job-embedded best practices, our coaching methodology provides a highly personalized and differentiated approach for each leader. This leadership coaching will focus on how to support educators with the implementation of the IM K-5 Curriculum.

**Learning Walks: Learning Walk for IM Math K-12 (6 hours, 5 District and School Leaders)**

BetterLesson believes that school and district leaders are first and foremost instructional leaders, investing in people and systems to improve learning opportunities and outcomes for students. Our goal is to provide leaders with processes, tools, and support for making organizational change and improving the learning of the IM K-5 Curriculum. We can help build leaders' capacity in instructional leadership through a Learning Walk, a non-evaluative process used by leaders to assess the quality of student learning, the effectiveness of the implementation of the IM K-5 Curriculum, and create a plan for addressing professional learning needs.

Adoption Phase Learning Walks are typically implemented in the Fall, Winter, and Spring to assess progress and identify patterns and trends of curriculum implementation. District and school leaders can decide to reduce or increase the number of Learning Walks based on need.

## Ongoing Support Package

Package Description and Services	Pricing Information
<b>In-Person Launch Workshop:</b> Designing a Plan to Get the Most out of Curriculum Supports (6 hours, 25 Teachers and Leaders)	\$29,925 per school

The curriculum is intentionally designed to support students taking risks, engaging in mathematical discourse, and productively struggling through problems. There are 20 math routines consistently embedded in lesson materials that can provide a scaffold to help any student engage with and make sense of the core ideas. In this workshop, participants will explore and plan for the embedded instructional routines that help all students be successful and enjoy grade-level math content without a separate intervention block.

**Virtual Workshop: Facilitating Activities with Math Language Routines: Making Sense of Tasks (2 hours, 25 Teachers and Leaders)**

Problem-based math classrooms are rich in and demanding various language skills, in addition to developing conceptual understanding and procedural fluency. Mathematical language routines create structures that support students' learning of mathematical concepts, practices, and language simultaneously. In this 2-hour virtual activity planning workshop, participants will explore two routines that amplify rather than simplify language and plan to support students in making sense of an upcoming activity through those routines.

**Virtual Workshop: Facilitating Activities with Math Language Routines: Cultivating Conversations (2 hours, 25 Teachers and Leaders)**

Activities in a problem-based curriculum are carefully crafted to encourage students to reason and make connections through problem-solving. Students need multiple opportunities to engage in meaningful conversations with their peers as part of this knowledge-building process. In this virtual activity planning session, participants will learn about the conditions and mathematical language routines that cultivate constructive conversations and will create a plan for an upcoming activity.

**Virtual Workshop: Facilitating Activities with Math Language Routines: Optimizing Output (2 hours, 25 Teachers and Leaders)**

As students develop conceptual understanding, they must grapple with and revise their learning while engaging in activities. As these new ideas solidify, students need opportunities to describe their mathematical thinking orally, visually, and in writing. In this virtual activity planning workshop, participants will explore and plan for mathematical language routines that optimize student output in an upcoming activity.

**1:1 Virtual Coaching: IM K-5 Coaching for Leaders (30 minutes each session, 4 District and School Leaders)**

BetterLesson instructional coaching is tailored to meet the professional learning needs of schools and districts, with a focus on promoting effective teaching practices and enhancing leadership capabilities. Grounded in the principles of action research and job-embedded best practices, our coaching methodology provides a highly personalized and differentiated approach for each leader. This leadership coaching will focus on how to support educators with the implementation of the IM K-5 Curriculum.

**1:1 Virtual Coaching: IM K-5 Coaching for Teachers (30 minutes each session, 5 Teachers)**

<p>BetterLesson instructional coaching is tailored to meet the professional learning needs of schools and districts, with a focus on promoting effective teaching and learning practices. Grounded in the principles of action research and job-embedded best practices, our coaching methodology provides a highly personalized and differentiated approach for each educator. This 1:1 Coaching will focus on supporting educators with the implementation of the IM K-5 Curriculum.</p> <p><b>Learning Walks:</b> Learning Walk for IM Math (6 hours, 5 District and School Leaders)          BetterLesson believes that school and district leaders are first and foremost instructional leaders, investing in people and systems to improve learning opportunities and outcomes for students. ## Adoption and Initial Implementation Package

Package Description and Services	Pricing Information
<p><b>Takeoff with Imagine IM Session</b> 2 hours, virtual</p> <p>This session is a high-level overview of Imagine IM and its components, designed to give participants a peek into the resources and get participants excited about starting their implementation journey. Participants will explore problem-based instruction in the Imagine Learning Classroom platform and will leave prepared to explore the resources and confidently prepare for the school year.</p> <p><b>Getting Started with Imagine IM</b> 6 hours, onsite</p> <p>This session prepares teachers to use Imagine IM resources for instruction. Teachers will explore digital and print materials to grasp unit and lesson structures and learn how to prepare for student-centered teaching. This session is highly recommended for teachers before using Imagine IM in the classroom.</p> <p><b>Imagine IM for School and District Leaders</b> 3 hours, onsite</p> <p>This session prepares leaders to successfully implement Imagine IM. Leaders will explore problem-based learning, thinking specifically of how problem-based classrooms offer different experiences than more traditional math instruction. Reflection opportunities are integrated throughout the session, allowing participants to both draw on their own experiences and strategize for their unique roles in successful implementation.</p> <p><b>Introduction to Learning Walks: Tools and Best Practices</b> 3 hours, onsite</p>	<p>\$15,000 per school (onsite)</p> <p>\$10,000 per school (virtual)</p>

This session will introduce instructional leaders to the Learning Walk tool and process as they prepare to support teachers in their implementation of Imagine Learning IM. Learning Walks for Leaders are strongly recommended for continued mathematics-based guidance and support.

Package Description and Services	Pricing Information
<p><u>Ongoing Learning Workshops</u></p> <p><b>Focus on Mathematical Discourse 1</b> – 1 day Onsite (one 3-hour module and one 3-hour Teacher Collaboration session with three grade levels together)</p> <ul style="list-style-type: none"> <li>• Practice using student thinking to drive learning.</li> <li>• Try the first practice from the <i>5 Practices for Productive Mathematics Discussion</i>. Anticipate student thinking, Select and sequence student work.</li> <li>• Plan for activity synthesis.</li> </ul> <p>Teacher Collaboration Planning with all grade level groups – Afternoon Sessions</p> <p><b>Virtual</b> 8 synchronous hours (four virtual 2-hour modules)</p> <p><b>Focus on Instructional Routines</b></p> <p>One-day (3-hour Module Onsite and one 3-hour Teacher Collaboration session with three grade levels together.)</p> <ul style="list-style-type: none"> <li>• Summarize the structure, value, and potential purpose of several instructional routines in the curriculum.</li> <li>• Use the structure of an instructional routine to plan for implementation.</li> <li>• Connect the design of an instructional routine to the learning goals of a lesson.</li> </ul> <p>Teacher Collaboration Planning with all grade level groups – Afternoon Sessions</p> <p><b>Focus on Mathematical Language Access 1</b></p>	<p>\$20,000 Onsite/Virtual</p> <p>per Group #25 participant max.</p>

One-day (3-hour Module Onsite and one 3-hour Teacher Collaboration session with three grade levels together.) Teachers explore Co-Craft Questions, Stronger and Clearer Each Time, Collect and Display, Three Reads (onsite only), and Discussion Supports (onsite only).

- Explain how learning mathematics is a language-demanding activity for all students.
- Describe how Mathematical Language Routines (MLRs):
  - foster mathematical understanding
  - promote language development
  - provide access to the problem
  - support collaborative work
- Prepare for the successful use of MLRs.

Teacher Collaboration Planning with all grade level groups – Afternoon Sessions

### Leading IM Implementation

### **Problem-based Learning Structures and Beliefs (3 & 4 of 6 Series)**

- **Part 3: Valuing Student Thinking**
  - Half-day 3 hour module
    - Describe structures within IM Math that can be leveraged with teachers to foster classrooms where student thinking drives the learning.
    - Recognize teacher moves that reflect a classroom where everyone is curious about each other's thinking.
    - Prepare to coach teachers to identify promising attributes of student thinking.
- **Part 4: Enhancing Access and Challenge for All Students**
  - Half-day 3 hour module
    - Describe how the principles of Universal Design for Learning can be used as a framework for supporting access and challenge.
    - Describe how MLRs promote mathematical language use and development.

**Leaders may choose to complete all leader modules in the series in the initial implementation year. Implementation is flexible.**

**Leader Modules: Coaching Problem-Based Teaching & Learning – Part 3 and Part 4 (1 Day, 2 - 3 hour Modules)**

## Establishing and Sustaining Professional Learning Structures Package

## Ongoing Support Package

Package Description and Services	Pricing Information	
<p><b>Support Ongoing Success with ASSISTments</b> Accelerate your school and district progress with comprehensive support. In your second year of implementation of Illustrative Mathematics with ASSISTments, build on initial progress to deepen the impact of ASSISTments on teaching and learning in your school or district. This package includes workshops for teachers that strengthen their initial implementation of the platform as well as support for new teachers around basic functionality and a refresher for those who need it. This, coupled with quarterly support for instructional leadership and access to our usage data dashboard is designed to help instructional leaders monitor existing teacher routines to celebrate champions and identify areas in which teachers need additional support. Leaders are assigned a dedicated Success Manager to ensure continued, seamless implementation.</p> <ul style="list-style-type: none"> <li>• Teacher Onboarding Workshop for new teachers, refresher for others</li> <li>• Virtual Workshop: Facilitating Meaningful Math Discussions with the Assignment Report</li> <li>• <b>Implementation planning and quarterly check-ins</b> with designated school/district leadership to review progress data</li> <li>• Insights Hub Training Workshop</li> <li>• Insights Hub (School and District Data Dashboard) Configuration and access up to 5 seats</li> <li>• Up to <b>10 hours of flexible support</b> for teachers &amp; leaders</li> </ul> <p><i>All packages include access to the ASSISTments Teacher Academy for any time on-demand quick bite videos.</i></p>	1-15 participants	\$5500
	16-50 participants	\$450 per participant
	51-75 participants	\$400 per participant

## Establishing and Sustaining Professional Learning Structures Package

Package Description and Services	Pricing Information	
<p><b>Year-Long Teacher and Administrator Support</b> Leverage the wealth of experience and diversity of approaches to ASSISTments among all of your teachers by helping them engage with each other to deepen their practice and further enhance the implementation of Illustrative Mathematics with ASSISTments. In this package, instructional leaders receive coaching and support along with continued access to usage data via the Insights Hub to support classroom observations and the development of high-impact teacher support. Teachers participate in <b>monthly or quarterly collaborative strategy sessions</b> to build community, leverage their existing experiences with the ASSISTments platform, and inspire each other around the usage of ASSISTments and the resulting data.</p> <ul style="list-style-type: none"> <li>• <b>3-hour teacher onboarding workshop</b> for new teachers</li> <li>• Full-year of implementation support for teachers via <b>monthly teacher professional learning</b> communication facilitated by ASSISTments</li> <li>• <b>Implementation planning and quarterly check-ins</b> with designated school/district leadership to review progress data</li> <li>• Insights Hub Training Workshop <ul style="list-style-type: none"> <li>◦ Insights Hub (School and District Data Dashboard) Configuration and access up to 5 seats</li> </ul> </li> </ul> <p><i>All packages include access to the ASSISTments Teacher Academy for any time on-demand quick bite videos.</i></p>	1-15 participants	\$6500

## Adoption and Initial Implementation Package

Package Description and Services	Pricing Information
<p><b>Executive Planning with district leaders (administrators, curriculum leads, etc.)</b></p> <p><b>Overview:</b> The kickoff to implementing McGraw Hill's Reveal Math starts with an Executive Planning Meeting. This meeting provides an opportunity for the McGraw Hill team to collaborate with district leadership to plan and address specific instructional objectives.</p> <ul style="list-style-type: none"><li>• Discuss and outline district goals</li><li>• Plan specific session agendas to best facilitate district professional learning sessions</li></ul> <p><b>Program Implementation – Virtual or On-Site</b></p> <ul style="list-style-type: none"><li>• Two 90-minute virtual sessions or a combined three-hour on-site session<ul style="list-style-type: none"><li>◦ Sessions organized by grade bands. Grade-level specific sessions offered based on availability</li></ul></li><li>• <b>Goal:</b> To ensure teachers gain the knowledge and skills necessary to begin using McGraw Hill's Reveal Math immediately in their classrooms, including a comprehensive understanding of both print and digital features.</li><li>• <b>Outcomes</b><ul style="list-style-type: none"><li>◦ By the end of the session, participants will be able to:<ul style="list-style-type: none"><li>■ Navigate print and digital resources</li><li>■ Understand lesson structure and planning options</li><li>■ Apply differentiated instruction options within the core program</li><li>■ Administer progress monitoring and assessment options</li></ul></li></ul></li></ul> <p><b>Reveal Math 101 Implementation Training (teachers and leaders)</b></p>	<p>\$10,500 per school (up to 35 participants)</p>

- One 90-minute session
  - Introduction to the pedagogical foundations of Reveal Math through purposeful navigation of print and digital resources.
  - Participants will explore instructional resources at unit and lesson levels, engage with tiered resources for differentiation, introduction to digital resources.
- **Goal:** Equip teachers with the knowledge and skills to begin using the resources immediately in their classroom.

#### **Reveal Math 102 Implementation Training** (teachers and leaders)

- One 90-minute session (Prerequisite: Reveal Math 101 Implementation Training)
  - Continuation from Reveal Math 101, deeper dive into digital resources and assessments.
  - Participants will explore formative and summative assessments, integration of digital resources for data-driven instructional decisions.
- **Goal:** Enable teachers to efficiently integrate Reveal Math's digital resources and make impactful instructional decisions.

#### **Instructional Coach Capacity-Building Training – Virtual or On-Site**

- Build instructional capacity through District/Campus Instructional Coaches to ensure implementation fidelity and teacher success.
- Activities
  - Participate in Reveal Math 101 and 102 Implementation Training
  - Support classroom teachers with lesson structure/pathways and planning
  - Topics include program overview, assessment, data reporting, professional development resources, and supporting teachers during teacher collaboration.

#### **Administrator Training – Virtual**

**Objective:** Build a high-level understanding of Reveal Math for administrators, focusing on key program elements for successful implementation.

#### **Activities**

- Overview of data and reporting tools generated through student assessment
- Understand key elements for successful implementation

**Outcomes** Participants will understand:

- K-12 Reveal Math's structure and pedagogy

<ul style="list-style-type: none"> <li>• Key elements to ensure successful implementation</li> <li>• Data and reporting generated by student assessments</li> </ul> <p><b>Mid-Year &amp; End-of-Year Meetings</b></p> <p><b>Objective</b></p> <ul style="list-style-type: none"> <li>• Determine the impact of core instructional resources and define further professional development needs.</li> </ul> <p><b>Activities</b></p> <ul style="list-style-type: none"> <li>• Meetings between McGraw Hill and district leadership</li> <li>• Explore the need for supplemental materials to support targeted student populations</li> </ul> <p><b>Scheduling Parameters</b></p> <p><b>On-Site Professional Learning Guidelines</b></p> <ul style="list-style-type: none"> <li>• Sessions with voluntary attendance without required registration will be conducted virtually</li> <li>• Minimum of 18 participants must be registered and confirmed 10 business days before the training date, or the session will be conducted virtually</li> <li>• Multiple on-site sessions must be scheduled on consecutive days with morning and afternoon sessions</li> <li>• Recommended ratio of teachers to trainer is 35:1, with flexibility based on district needs</li> <li>• No facilitation of teacher planning time post-training</li> </ul> <p><b>Virtual Professional Learning Guidelines</b></p> <ul style="list-style-type: none"> <li>• Sessions scheduled for less than two hours will be virtual</li> <li>• Minimum of 10 registered participants for virtual trainings</li> <li>• Districts must set up webinar links and send them to the Sales Rep</li> </ul> <p><b>Cost of Services</b></p> <p>Cost includes 3 onsite sessions for a cadre of up to 35 participants</p>

## Ongoing Support Package

Package Description and Services	Pricing Information
<p><b>Objectives</b></p> <ul style="list-style-type: none"> <li>• Sustain and enhance the implementation of McGraw Hill's Reveal Math.</li> <li>• Improve instructional practices through continuous learning and data-informed instruction.</li> <li>• Address unfinished learning and provide additional curricular supports.</li> </ul>	\$15,000 per school

- Enhance teacher collaboration and provide essential support for new teachers and leaders.
- Offer comprehensive coaching and feedback for both teachers and leaders.

**Recommendation of at least 3 topics selected by the district align with district initiatives.**

**Topics that may be collaboratively designed with district leaders:**

**Continuous Learning and Improvement for Educators**

- **Strategic Data-Informed Instruction**
  - Utilize student performance data to inform and tailor instruction.
  - Conduct regular data analysis sessions to identify areas for improvement and celebrate successes.
- **Addressing Unfinished Learning**
  - Implement targeted interventions and support for students with unfinished learning.
  - Use formative assessments to continuously monitor student progress and adjust instruction accordingly.
- **Additional Curricular Supports**
  - Provide supplemental resources and materials to support diverse learners.
  - Offer professional development sessions focused on integrating additional curricular supports into daily instruction.
- **Enhancing Teacher Collaboration**
  - Facilitate regular teacher collaboration and collaborative planning sessions.
  - Encourage the sharing of best practices and strategies among teachers.
- **Support in Curriculum Implementation Essentials for New Teachers/Leaders**
  - Offer onboarding sessions for new teachers and leaders to familiarize them with the curriculum.
  - Provide ongoing support and mentorship to ensure successful integration into the school system.

**Teacher and Leader Coaching**

- **Familiarization with Curriculum Components and Structure**
  - Conduct workshops and training sessions to deepen understanding of the curriculum components.
  - Provide comprehensive guides and resources to support curriculum implementation.
- **Walkthroughs and Observation Look Fors**
  - Develop a checklist of key elements to observe during classroom walkthroughs.
- **Action Planning (Both Long and Short-Term)**
  - Assist educators in creating both long-term and short-term action plans aligned with curriculum goals.
  - Review and adjust action plans regularly based on student performance and instructional needs.
- **Leader Check-Ins**
  - Schedule regular check-ins with school and system leaders to monitor implementation progress.

<ul style="list-style-type: none"> <li>○ Provide leaders with data and insights to support decision-making and continuous improvement.</li> </ul> <p><b>Cost of Services</b> Cost includes 3 onsite sessions for a cadre of up to 35 participants + 3 virtual leader check-ins. Additional topics are available to add. Each topic would be \$3500/cadre.</p>

## Adoption and Initial Implementation Package

Package Description and Services	Pricing Information
<p><b>Proposal:</b> The <b>Adoption and Initial Implementation Package</b> aims to build a strong foundation for teachers and leaders adopting a new curriculum. Carolina’s <b>Comprehensive Implementation Package</b> ensures that educators receive hands-on exploration of curriculum components, pacing, assessment literacy, and lesson planning right from the start. Additionally, ongoing access to <b>On-demand Professional Learning</b> resources like videos, digital guides, and webinars allows educators to familiarize themselves with core concepts at their convenience. This comprehensive approach supports teachers and leaders in building the confidence and skills needed for successful initial implementation.</p> <p><b>Key Offerings:</b></p> <ul style="list-style-type: none"><li>• <b>Curriculum Launch (2-4 days):</b> Provides hands-on exploration of curriculum components, pacing, and initial lesson planning.</li><li>• <b>On-demand Resources:</b> 24/7 access to videos, digital guides, and webinars for continued support.</li><li>• <b>Mid-Implementation Check-in:</b> A follow-up session within 3-4 weeks to assess progress, celebrate successes, and</li><li>• troubleshoot challenges.</li><li>• <b>Leader Coaching and Planning Sessions:</b> Enable strategic planning for long-term professional learning structures and schoolwide collaboration.</li></ul>	<p>In Person \$11,000 – 15,000 Virtual \$3,250-5,250</p> <p>Range is based on number of days for Curriculum Launch.</p> <p>For additional options, see Fee Schedule.</p>

## Ongoing Support Package

Package Description and Services	Pricing Information
<p><b>Proposal:</b> The <b>Ongoing Support Package</b> is designed for schools in their second or third year of curriculum implementation, focusing on sustaining and enhancing teaching practices over time. Carolina's <b>Targeted Support Sessions</b> and <b>Virtual Assistance Programs</b> offer mid-year and end-of-unit support, reinforcing teachers' skills and addressing emerging challenges. Options like the <b>3-Hour Engagement Intensive</b> and bi-weekly <b>Confidence-Building Office Hours</b> help educators refine instructional practices, address unfinished learning, and increase student engagement. This ongoing, flexible support is tailored to ensure educators continuously improve their curriculum delivery and deepen their understanding of instructional strategies.</p> <p><b>Key Offerings:</b></p> <ul style="list-style-type: none"> <li>• <b>Targeted Support Sessions:</b> Mid-implementation confidence boosters and end-of-unit reflection workshops.</li> <li>• <b>Virtual Assistance Programs:</b> Bi-weekly virtual support to maintain momentum and refine practices.</li> <li>• <b>Online Teacher Forums:</b> Enable continuous professional growth through collaborative problem-solving.</li> <li>• <b>Leader Coaching and Planning Sessions:</b> Enable strategic planning for long-term professional learning structures and school-wide collaboration.</li> </ul>	<p>In Person \$3000/day Per 30 educators</p> <p>Virtual \$1000/day</p> <p>For additional options, see Fee Schedule.</p>

## Establishing and Sustaining Professional Learning Structures Package

Package Description and Services	Pricing Information
<p><b>Proposal:</b> The <b>Establishing and Sustaining Professional Learning Structures Package</b> supports systems in their fourth year of implementation and beyond by promoting continuous growth and collaboration. Carolina's <b>Collaborative Learning Initiatives</b> and <b>Specialized Enhancement Workshops</b> help create a dynamic, ongoing professional learning culture. Programs like the <b>School-Based Community of Practice (CoP)</b> and <b>Train-the-Trainer Empowerment Program</b> establish a sustainable professional development framework, enabling leaders to mentor peers effectively. Additionally, workshops on advanced strategies, such as culturally relevant teaching or technology integration, help educators continue to grow and adapt to evolving educational needs, ensuring a lasting impact on student outcomes.</p> <p><b>Key Offerings:</b></p> <ul style="list-style-type: none"> <li>• <b>Collaborative Learning Initiatives:</b> Empowerment programs and community of practice sessions that foster</li> </ul>	<p>In Person \$3000/day Per 30 educators</p> <p>Virtual \$1000/day</p> <p>For additional options, see Fee Schedule.</p>

sustainable growth and collaboration. • <b>Specialized Enhancement Workshops:</b> Focus on mastering unit content, implementing innovative assessments, and integrating technology effectively. • <b>Leader Coaching and Planning Sessions:</b> Enable strategic planning for long-term professional learning structures and school-wide collaboration.

<p>Attuned will partner with schools and systems in their second or third year of Bayou Bridges curriculum implementation in grades K-8 with the purpose of helping educators sustain and enhance implementation over time. Specifically, Attuned's support across role types will include:</p> <ul style="list-style-type: none"> <li>• Five bi-monthly meetings (virtual) with the project leads to manage the project, which includes: <ul style="list-style-type: none"> <li>◦ Identifying deliverables, roles, and key dates</li> <li>◦ Aligning on school-level goals and plans for professional development, progress monitoring, and walkthroughs</li> <li>◦ Summarizing and debriefing each round of progress monitoring data</li> <li>◦ Surfacing and problem-solving potential roadblocks during implementation</li> <li>◦ Providing ongoing thought partnership</li> </ul> </li> <li>• Conducting three rounds of social studies walkthroughs to collect data on curriculum implementation to: <ul style="list-style-type: none"> <li>◦ Identify professional learning needs and school-specific supports</li> <li>◦ Monitor progress toward measures of success</li> <li>◦ Provide on-site debrief and action planning with school staff members</li> </ul> </li> <li>• Facilitating up to eight hours of professional learning during the year for teachers, school leadership team, and support team members (including those who directly coach and support teachers of Bayou Bridge), potentially including topics such as: <ul style="list-style-type: none"> <li>◦ Deepening unit and lesson internalization practices for Bayou Bridges</li> <li>◦ Teaching primary and secondary sources</li> <li>◦ Developing and expressing claims</li> <li>◦ Modeling and norming around scoring tasks using the LEAP social studies rubric</li> <li>◦ Formative assessment practices with Bayou Bridges</li> </ul> </li> </ul>	<p>\$30,000 per school</p>

## Establishing and Sustaining Professional Learning Structures Package

Package Description and Services	Pricing Information
<p>Attuned will partner with schools and systems in their fourth year of implementation and beyond of the Bayou Bridges curriculum in grades K-8, focusing on establishing and sustaining effective professional learning structures that promote continuous growth, collaboration, and improvement. The package includes guidance and coaching to carefully plan and execute professional learning, ensuring educators receive relevant, impactful, ongoing, and job-embedded professional learning. Furthermore, Attuned will build the capacity of leaders to ensure that school and classroom-level change is happening in social studies by building the technical skills, and</p>	<p>\$29,880 per school</p>

adaptive leadership skills of social studies/humanities leader(s) to champion the school's social studies vision, oversee the implementation of the Bayou Bridges curriculum, and improve overall coherence around social studies. Specifically, Attuned's support across role types will include:

- Five bi-monthly meetings (virtual) with the project leads to manage the project, which includes:
  - Identifying deliverables, roles, and key dates
  - Aligning on school-level goals and plans for professional development, progress monitoring, and walkthroughs
  - Summarizing and debriefing each round of progress monitoring data
  - Surfacing and problem-solving potential roadblocks during implementation
  - Providing ongoing thought partnership
- Designing and co-facilitating three meetings of the school's Steering Committee ("SteerCo") or instructional leadership team (e.g. principal, assistant principal, mentor teacher, coaches, etc.) to:
  - Build shared understanding and ownership of the state of social studies curriculum implementation
  - Present and analyze high-leverage qualitative and quantitative data, including stakeholder perspectives
  - Make adjustments to social studies implementation to accelerate the impact
  - Celebrate wins, identify lessons learned, and prepare to communicate with the broader school community
  - Refresh the social studies priorities for the next year, including the generation of key deliverables and initiative measures
- Conducting three rounds of social studies walkthroughs to collect data on Bayou Bridges implementation to:
  - Identify professional learning needs and school-specific supports
  - Monitor progress toward measures of success
  - Provide on-site debrief and action planning with school staff members
- Design and co-facilitate up to 2 hours of professional learning, audience TBD (e.g., school leaders, coaches, teachers, etc) to:
  - Celebrate wins, identify lessons learned, and ensure shared visibility into the progress of social studies implementation
  - Present and analyze high-leverage qualitative and quantitative data, including stakeholder perspectives
  - Facilitate purposeful reflection and action planning at the learning community and school level to drive impact in response to data
